Department Response

The Department is pleased to provide you with some of the information as requested in your Freedom of Information request. This information will also be published on the Government website in due course should you wish to revisit the information.

In response to question 1, the Department does not permanently expel pupils from school but can direct another school to enrol a student where it has not been possible for a pupil to remain at their original registered school. This occurs infrequently and would be exempt under Section 25 (2) (a) Absolutely exempt personal information of the Act 2015, as it relates to personal information which constitutes personal data of which the applicant is not the data subject.

In response to question 2, the Department does not analyse data in terms of gender or by year group. Under Section 8 (3) the Act states: Nothing requires a public authority to undertake substantial compilation or collation of information that it holds. However the information that has been provided for the period 2011 to 2017, will hopefully be of assistance to you.

In response to question 3, please see the information provided in response to question 2.

In response to question 4, again, Under Section 8 (3) the Act states: Nothing requires a public authority to undertake substantial compilation or collation of information that it holds. However the information attached for the period 2011 to 2017 should be of some assistance to you.

In response to question 5, the Department does not permanently expel pupils from school but can direct another school to enrol a student where it has not been possible for a pupil to remain at their original registered school. This occurs infrequently and would be exempt under absolute exemption 25 of the Freedom of Information Act 2015, as it relates to personal information.

In response to question 6, under Section 8 (3) the Act states: Nothing requires a public authority to undertake substantial compilation or collation of information that it holds. A simple analysis based on key search terms has been undertaken for the periods requested and therefore, I hope that this information is of assistance. The information provided under 'other', includes smoking, inappropriate use of mobile phone etc.

I would point out that a pupil may be suspended on any one occasion for a number of reasons and therefore a detailed analysis is made more difficult under one specific heading. If you are unhappy with this response to your Freedom of Information request, you may ask us to carry out an internal review of the response, by completing a Review/Complaint form and submitting it electronically or by delivery/post to:

Mr Andrew Shipley, Legal and Administration Manager, Hamilton House, Peel Road, Douglas, Isle of Man, IM1 5EZ.

An electronic version of our Review/Complaint form can be found by going to <u>https://www.gov.im/about-the-government/freedom-of-information/</u>

Your Review/Complaint request should explain why you are dissatisfied with this response, and should be made as soon as practicable. We will respond as soon as the review has been conducted.

Appeal Process

If you are not satisfied with the result of the review, you then have the right to appeal to the Information Commissioner for a decision on;

- 1 Whether we have responded to your request for information in accordance with Part 2 of the Freedom of Information Act; or
- 2 Whether we are justified in refusing to give you the information requested.

In response to an application for review, the Information Commissioner may, at any time, attempt to resolve a matter by negotiation, conciliation, mediation or another form of alternative dispute resolution and will have regard to any outcome of this in making any subsequent decision.

More detailed information on your rights to review is on the Information Commissioner's website at https://www.inforights.im/contact-us/

Should you have any queries concerning this letter, please do not hesitate to contact me.
