Introduction of new offence in Public Health (Tobacco) Act and provision for Fixed Penalty Notices to be issued

1. 1. Introduction

- 1.1 This consultation seeks to inform of changes to the Public Health (Tobacco) Act 2006 following introduction of an offence of smoking in a private vehicle where there is a person under the age of 16 present and the issue of a Fixed Penalty Notice in respect of no-smoking offences under that Act.
- 1.2 If you have any queries regarding this proposal please contact **Mr I Mansell**, on **685894 or email: ehenquiries**@gov.im

2. Background

- As part of the Department of Health and Social Care's (DHSC) aim to reduce the use of tobacco products on the Island and, as a consequence, reduce the impact on health resources and the burden of ill health to Island residents, proposals were made to amend the Public Health (Tobacco) Act 2006 to introduce further controls on advertising and the sale of tobacco products on the Island as part of the Isle of Man Tobacco Strategy. The aim, in particular, was to prevent young people from accessing cigarettes.
- 2.2 The DHSC undertook extensive consultation on this particular matter in December 2012 ("Protecting Public Health through smoke free legislation") and again in October 2014 ("Public Health (Tobacco) (Amendment) Bill") (original consultation document attached) as part of the proposed amendments to the 2006 Act and, as part of that consultation, also included proposals for banning smoking in cars where children are present. The consultation responses were largely supportive of the proposals and the Public Health (Tobacco) (Amendment) Bill was drafted and introduced into the Branches earlier this year.
- 2.3 As part of the consultation the introduction of the ability to issue fixed penalty notices (fines) for smoking offences was included as a proposal and indicated that new regulations, made under the 2006 Act by this Department, would implement this.

3. Objectives of new legislation

- 3.1 The amendments to the Bill create a new criminal offence in smoking in a private vehicle where a person aged under 16 is present and introduce the ability for an authorised officer to issue a Fixed Penalty Notice in respect of offences under Part 2 of the 2006 Act which concern no-smoking premises. As already stated above, the principles of the new offence and the issue of the Fixed Penalty Notices were part of the consultation in respect of the Public Health (Tobacco) (Amendment) Bill held in 2014, however, the Department is required under provisions contained in the 2006 Act to consult on the draft Regulations.
- The amending Bill, which received Royal Assent at the sitting of Tynwald in October 2015, has been commenced, in part, to enable the preparation of the requisite secondary legislation. It is this Department's responsibility to prepare the necessary secondary legislation which provides for this specific initiative under Part 2 of the 2006 Act and relates to no-smoking premises and offences of smoking in no-smoking premises.

Introduction of new offence in Public Health (Tobacco) Act and provision for Fixed Penalty Notices to be issued

- 3.3 To this end, the Department has prepared Regulations amending current provisions set down in the No Smoking Premises Regulations 2007 to introduce the offence of smoking in a vehicle where a person aged under 16 is present.
- 3.4 The Department has also prepared Regulations which modify section 20(4) of the 2006 Act to extend the definition of "no-smoking premises" to premises which persons under the age of 16 have access.
- 3.5 The Regulations are made under sections 20(2) and 20(8), both of which impose a requirement on the Department to consult "such persons as it considers appropriate on a draft of the regulations" and this document is intended to meet that consultation requirement whilst recognising that the two issues have already been consulted upon previously when the Bill was proposed.
- 3.6 Section 20(2) of the 2006 Act states:
 - "(2) In this Part, "no-smoking premises" means such premises or such classes of premises, being premises of a kind mentioned in subsection (4), as are prescribed by regulations made by DEFA after consulting such persons as it considers appropriate on a draft of the regulations."

Section 20(4) of the 2006 Act states:

- "(4) The kind of premises referred to in subsection (2) is premises which are wholly or substantially enclosed and
 - (a) to which the public or a section of the public has access;
 - (b) which are being used wholly or mainly as a place of work;
 - (c) which are being used by and for the purposes of a club or other unincorporated association; or
 - (d) which are being used wholly or mainly for the provision of education or health or care services."
- 3.7 The proposed modification regulations (attached) will add a further paragraph (e) to section 20(4) as follows:
 - "(e) to which persons under the age of 16 have access."

4. Feedback to the consultation

- 4.1 It is important to note these draft Regulations have been prepared for the purposes of consultation and that further refinement may take place in the light of responses received.
- 4.2 Copies of this document may be downloaded from either the Department website at http://www.gov.im/daff/consultations.gov?menuid=16916&type=current or from the consultations webpage of the Isle of Man Government website at www.gov.im/consultations.gov
- 4.3 Should you require a paper copy of the consultation document then please telephone 685835.
- 4.4 Unless specifically requested otherwise, responses received may be published either in part or in their entirety, together with the name of the person or body submitting the response. If you are responding on behalf of a group it would be helpful to make your position clear. To ensure that the process is open and honest responses can only be accepted if you provide your full name with your response.
- 4.5 It may be useful when giving your feedback to make reference to the paragraph number and specific provision(s) set out in this consultation document that you wish to discuss.
- 4.6 The purpose of consultation is not to be a referendum. It is an information, views and evidence gathering exercise from which to take an informed decision on the content of the proposed legislation. As with any consultation exercise, the responses received do not quarantee changes will be made to what has been proposed.
- 4.7 Feedback, including names and addresses of respondents, may be made public unless confidentiality is specifically requested.
- 4.8 If you have any views or observations on the draft Regulations you are invited to respond in writing to:

 Bill

Foreword by the Minister for Health and Social Care

The Isle of Man already has legislation in place, in Part 1 of the Public Health (Toberco) Act 2006, which controls the advertising and promotion of tobacco products with the aim of decreasing the numbers of people taking up smoking and becoming addicted to tobacco products.

This legislation has had some success but the Department of Health and Social Care ('the DHSC') now wants to further tackle the problem, as there is evidence that easy access (such as via vending machines) and shop advertising continues to influence young people to take up smoking. The DHSC was pleased to note, through a previous policy consultation on this subject, that the public agreed that additional legislation could help to address this problem.

The provisions in this draft Bill which deal with banning tobacco vending machines and addressing 'front of shop' advertising and displays have already been adopted in various countries.

The risks of exposure to second hand smoke are well established on the Island with legislation, in Part 2 of the Public Health (Tobacco) Act 2006, already banning smoking in certain premises (including pubs) and in vehicles used for work. However, there are no restrictions in other vehicles even though research has found that secondhand smoke concentrations in vehicles are often greater than in other restricted areas such as pubs. Children are particularly vulnerable to the effects of second-hand smoke and exposure increases the risk of cot death, glue ear, asthma and other respiratory diseases.

The previous public consultation demonstrated that the public agreed that further efforts to decrease the exposure of young people to secondhand smoke should be made, and, in particular, agreed that smoking in cars where children were present should be banned.

The DriSC is, therefore, pleased that the Department of Environment, Food and Agriculture (DEFA') has supported a request for them to bring forward regulations in this area, and is propy to include provision in this draft Bill for the introduction of fixed penalty notices for use in association with these regulations and other smoking offences.

Whilst appreciating that many of you will already have commented on the policy consultation, I hope you will be able to find the time to read through this document and the draft Bill and to let us have any additional views you might have.

Thank you.

Hon. Howard Quayle MHK

Minister for Health and Social Care

2. About the Consultation

The purpose of this consultation exercise is to invite comments on the proposed provisions of the Public Health (Tobacco) (Amendment) Bill 2014. The proposed draft Bill is contained in Appendix 1 of this document.

It is not a referendum but is an exercise for gathering information, views and evidence to allow the Department to take an informed decision on the final content of the proposed draft Bill. In any consultation exercise the responses received do not guarantee changes will be made to what has been proposed.

Comments should be submitted by Monday 19th January 2014 in post to:

3. Background

The Isle of Man Tobacco Strategy states that everything possible should be done to prevent young people from easily accessing cigarettes, and one of the key policy drivers of the Public Health (Tobacco) Act 2006 ("the Act") was to reduce the visibility of tobacco products.

DHSC has recognised the success of the Act in reducing the use of tobacco products on the Island and, as a consequence, in reducing the burden of ill-health. However, it is apparent that more needs to be done to shield people, and particularly young people, from the influence of tobacco product promotion in order to achieve a further reduction in the numbers taking up smolling, and to provide a public health incentive to existing consumers to further reduce their consumption.

There is good evidence that topac o advertisements and 'cool, fun and a tractive' displays do influence young people to take up smoking, and studies have shown that impulse buying of tobacco products as a result of seeing a display remains high, especially amongst young people.

There is international concern that underaged sales of tobacco products are increasingly being made from 'self-service' vending machines. These are often not directly supervised with no routine age checks prior to purchase. The DHSC has noted that the current regulation of tobacco retailers has not directly affected the sale of tobacco products from vending machines on the Island.

Additional controls have already been established in English and Scottish primary legislation to further restrict tobacco advertising (including online) and displays, and to ban tobacco vending machines. The DHSC was of the view that similar controls might be appropriate for the Isle of Man.

At about the same time as the DHSC was considering these new controls, more

evidence about the risks of exposure to second hand smoke was coming to light. In particular, it was further highlighted that children are particularly vulnerable to the effects of second-hand smoke with an increased risk of sudden infant death syndrome, glue ear, asthma and other respiratory diseases.

It was noted that, although the Act already banned smoking in certain premises (including pubs) and in vehicles used for work, there were no restrictions in other vehicles, even though research has found that second-hand smoke concentrations in vehicles are often greater than in other restricted areas such as pubs.

In October 2012 the DHSC decided to hold a comprehensive public consultation exercise on both the proposed advertising/display controls and some ideas around extending smoking bards, articularly relating to children.

The constitation received 420 responses and the DHz C y as pleased to note that the additional controls and a proposal that smoking in cass should be banned when children were present vere supported.

A response to the consultation was published in February 2013 and can be found at:

http://www.gov.im/lib/docs/dhsc/ Consultations/summaryofresponses.pdf

4. Introduction

The main aim of this draft Bill is to extend the provisions of the Act by making amendments to:

- Introduce further controls on tobacco advertising;
- Ban tobacco displays, and
- Ban the sale of tobacco products from vending machines.

It should be noted that, unlike the UK, there is no intention to offer a period of grace for local businesses to comply with the undated provisions once the Act comes into force. The previous policy consultation make it clear what the DHSC proporals were and, cubject to approval by Tynwa d, it is not expected that there will be a change away from the current public and political support.

It is anticipated that most business is will already be prepared for this legislation. coming in as a consequence of similar UK legislation already being in place. Howe er, the DHSC will ensure that there is provision for the implementation of the Act to be delayed, if it is requested and necessary, to allow businesses additional time.

A secondary aim of the draft Bill is to facilitate the introduction of Fixed Penalty Notices for offences relating to smoking.

As mentioned earlier the previous consultation exercise supported the introduction of legislation to ban smoking in cars when children are present. This legislation would be in the form of regulations, to be drafted by the DEFA.

In order to reduce the cost of enforcement and to increase the likelihood of enforcement action, DEFA, in conjunction with DHSC and the Department of Home Affairs ('DHA'), obtained approval from the Council of Ministers for Fixed Penalty Notices to be introduced for the new offence and some existing offences. The draft Bill, therefore,

incorporates amendments to add this provision.

5. Summary of the Content of the Bill

This summary should be read in conjunction with the attached copy of the draft Bill. Comments are welcomed on specific sections or more generally.

Introductory

Clause 1 gives the short title of the Act, as the Public Health (Tobacco) (Amendment) Act 2014.

Clause 2 provides for the Act to come into force on a day or days appointed by DHSC, and provides for an order to include consequential, incidental, transitional and saving provisions.

Clause 3 provides for the An endment Act is expire as soon as all of its provisions have been brought into operation and confirms that such expiry cannot revive an provisions which were in place prior to the an endments.

Clause 4 introduces the amendments to the Act.

Tobacco Advertising and Control

Clause 5 changes the heading of Part 1 of the Act to read 'Tobacco Advertising and Control' and creates a Division 1 to deal specifically with tobacco advertising.

Clause 6 substitutes subsections (4) and (5) from section 1 (Prohibition of tobacco advertising) with a new subsection (4) to give effect to European Parliament (EC) Directives so that offences under this section, in relation to services provided on the internet (called information society services in this legislation), would also be an offence if done in an EEA State. EEA State is defined in clause 18 as a member of the European Community plus Norway, Iceland or Liechtenstein in line with the equivalent UK legislation.

Clause 7 inserts a new section 2A (Advertising: information society services) which introduces the offence of advertising, or procuring the advertisement of, tobacco products via the internet either on the Island, or in an EEA State from the Island.

Clause 8 amends section 3 (Advertising: exclusions) to give effect to the EC Directives in the exclusions for offences relating to advertising tobacco on the internet. Subsection (6) provides for a Schedule to the draft Bill to add a Schedule to the Act regarding the liability of internet providers (see paragraph 13 below).

Clause 9 amends section 4 (Advertising: defences) to give effect to the EC Directives in the defences for offences relating to advertising tobacco on the internet.

Displays

Claure 10 inserts new sections as follows:

A new soution 4/2 (prohibition of tobacco displays) makes it an offence to display tobacco products, or cause them to be displayed, in the list of Man.

A new section 4B (tc.) acco displays: exclusions and defence) provides for a number of exclusions and defences relating to the new section 4A as follows:

- no offence is committed if tobacco products are displayed as part of the tobacco trade and the display is only accessible to persons who are engaged or employed as part of that trade;
- no offence is committed if the display is a requested display to someone aged 18 or over.

'Requested display' is defined as a display to an individual following a particular request to purchase, or for information about, a tobacco product. It is also a defence where a person is charged with an offence of displaying a tobacco product to someone under 18 if they believed the person was aged 18 or over and had either taken reasonable steps to establish the **person's age (including, where appropriate,** by requesting evidence) or, nobody could reasonably have suspected that they were under 18 from their appearance.

It is also a defence where a person has exercised all due diligence to avoid committing an offence of displaying a tobacco product.

Section 4B also provides that D. ISC may make regulations to provide that no offence is committed if a display complies with speciment requirements.

A new section 4C (displays: prices of tobaccoproducts) gives the DHSC the power by regulations to impose requirements in relation to the display of prices of tobaccoproducts and makes a breach of those requirements an offence.

A new section 4D (Displays on a website) allows the DHSC to make regulations to impose requirements relating to displays on websites, and makes it an offence to breach those requirements, including in an EEA State, unless the service provider is established outside of the Island.

Clause 11 repeals the existing section 5 (Displays) which the above new sections replace.

Free Distributions/Brandsharing

Clauses 12 and 13 amend sections 6 (prohibition of free distributions) and 8 (brandsharing) respectively to give effect to the EC Directives regarding internet providers.

Sale from Vending (Automatic) Machines

Clause 14 firstly creates Division 2 and inserts a new section 8A (prohibition of the sale of tobacco from automatic machines). This provision makes the person who controls or manages a place where an automatic machine for the sale of tobacco is situated guilty of the offence of selling tobacco from such a machine. It does not matter whether the machine also sells other products.

Clause 14 also creates Division 3 which deals with enforcement under Part 1 of the Act.

Enforcement

Clause 15 makes a minor amendment to subsection 10(1) to amend the wording 'the officer's written authority' to read 'evidence of the officer's authority'.

Gane al matters under Part 1

Clause 17 creates a new Division 4 dealing with general matters.

Clause 17 am and section 12 (Defences: burden of proof) to an and references to section numbers in coner sections of Part 1, as a consequence of the changes mentioned earlier.

Clause 18 firstly amends section 13 (Part 1: interpretation) by inserting a number of new definitions relating to the new provisions around internet services and the EC Directives.

Clause 18 also omits the definition of 'authorised officer' in Part 1 and replaces it with a definition of 'enforcement officer' to avoid confusion with references to an 'authorised person' in Part 2. Subsection (4) then makes consequential changes to sections 10 and 11.

Subsection (3) of Clause 18 adds some further definition around internet service provider establishments.

Powers of entry under Part 2 (Smoking: Prohibition and Control)

Clause 19 inserts an additional provision into section 18 (Powers to enter and require identification) to state that an authorised person exercising a power must produce evidence of their authorisation. This brings part 2 of the Act into line with Part 1 in this respect.

Fixed Penalty Notices

Clause 20 inserts new sections 20A and 20B into the Act.

Section 20A (fixed penalties for offences under Part 2) firstly empowers an authorised person to issue fixed penalty notices in respect of offences under Part 2. It also sets out, in subsections (2) to (4) and (6) and (7), that a fixed penalty notice must give details of the offence, state the penalty (£50) and the consequences of non-payment, and detail the payment periods and methods.

Subsection (5) allows DEFA to vary the fixed notice penalty by order after consulting DHSC and the DHA.

Subsections (8) to (10) confirm that no proceedings for an offence may be commenced before the payment period has ended or if a payment has been made, and states the evidence which is required to confirm that payment has been made.

Finally section 20A provides that DEFA may make regulations, after consulting DHSC and DHA, to make additional provisions regarding fixed penalty notices.

Section 20B deals with the circumstances under which a fixed penalty notice may or must be withdrawn.

Penalties

Clause 21 repeals section 21 (Penalties) of the Act and amends and relocates the provisions as follows:

- Firstly the provision from subsection 21 (1), which relates to the obstruction of enforcement officers, is relocated to section 11 (Obstruction, etc. of officers) of the Act as a new subsection 11(4).
- Secondly, the provision from subsection 21 (2), which relates to all other penalties under Part 1 of the Act, is relocated as a new section 12A (Penalties for offences under Part 1) and the wording is tidied up accordingly.
- Thirdly, the provision from subsection 21(3), which relates to penalties under Part 2 of the Act is relocated as a new section 20C (Penalties for offences under Part 2) and the wording is also didled up accordingly.

Cause 22 amends section 22 (Offences by books corporate, etc) by inserting a new subsection (2A) which provides that payment of a fixed peralty by an officer of a body corporate does no preclude prosecution of the body corporate (and vice versa).

Regulations and Orders

Clause 23 inserts a new section 22A (Order making power to amend Act) which enables DHSC to amend the Act by order in consequence of developments in technology relating to publishing or distributing by electronic means; or for the purpose of making the Act correspond with legislation operating in the UK.

Clause 24 replaces section 23 (public documents) to introduce a requirement for regulations under Part 2 and Orders under section 20A or 22A to be subject to Tynwald approval. All other regulations/Orders under the Act continue as before to be laid before Tynwald.

Interpretation

Clause 25 replaces section 25 (interpretation). The new section 25 firstly adds a new definition of "authorised person" and inserts the new term into section 18 to replace the wording "environmental health officer" to give DEFA more flexibility as to who can give authorisations.

Clause 25 also tidies up references to the names of the Departments, "DEFA" and "DHSC", and makes the consequential changes in the various sections of the Ar...

Clause 25 also replaces section 24 (Short title) in order to omit subsection (2), as this subsection it relates to the appointed up or ler for the original Act and is no Unger require a.

6. Appendix 1 - Draft Public Health (Tobacco) (Amendment) Bill 2014

A copy of the draft Public Health (Tobacco) (Amendment) Bill can be found overleaf.

PUBLIC HEALTH (TOBACCO) (AMENDMENT) BILL 2014

Explanatory Memorandum

- 1. This Bill is promoted by the Department of Health and Social Care.
- 2. The Bill amends the Public Health (Tobacco) Act 2006 (the "2006 Act").
- 3. Clause 1 gives the resulting Act its short title and clause 2 provides for its commencement to be by a day or days appointed by the Department of Health and Social Care. An appointed day order may include consequential, incidental, transitional and saving provisions.
- 4. Clause 3(1) provides for the resulting Act to expire on the day after its promalgation or on the lay after the last provision is brought into operation. When the resulting Act expires, the amendments will already have been inserted into the 2006 Act. Thuse 3(2) consists of a "non-revival" provision to avoid arguments about revital of the previous law after the resulting Act has expired.
- 5. Clause 4 introduces are mendments to the 2006 Act.
- 6. Clause 5 substitutes the handing to Part 1 and creates Division 1 (tobacco advertising) of that Part.
- 7. Clauses 6 to 9 (and the Schedule) mirror the effect c. Directive 2003/33/EC of the European Parliament and Council of 26th May 200°, on he approximation of the laws, regulations and administrative provisions of the Member States relating to the advertising and sponsorship of tobacco products. These provisions achieve this aim by amending the 2006 Act to include provision about information society services. In doing so, these amendments also give effect to Directive 2000/31/EC ("the e-commerce Directive").
- 8. *Clause* 10 inserts new sections 4A to 4D (prohibition of tobacco displays etc.), the effect of which is as follows.
- 9. New section 4A (prohibition of tobacco displays) makes it an offence for a person, in the course of a business, to display tobacco products, or cause tobacco products to be displayed, in a place in the Island.
- 10. New section 4B (tobacco displays: exclusions and defence) provides for a number of exclusions from the new section 4A prohibition on tobacco displays.
- 11. New section 4C (displays: prices of tobacco products) gives the Department of Health and Social Care power by regulations to impose requirements in relation to the display of prices of tobacco products and makes such display an offence.
- 12. New section 4D (displays on a website) makes it an offence —

- a. to display, or cause to be displayed, tobacco products or their prices on a website in breach of any requirements imposed by regulations, except where this is in the course of providing information society services by a service provider established outside the Island;
- b. for a service provider established in the Island to do something in an EEA State which, if done in the Island, would constitute an offence under subsection (2).
- 13. *Clause* 11 repeals section 5 (displays).
- 14. Clauses 12 and 13 amend section 6 (prohibition of free distribution) and section 8 (brandsharing) to give effect to the e-commerce Directive.
- 15. Clause 14 creates Division 2 (sale from automatic machines) and Division 3 (enforcement) of Part 1. The provision also inserts a new section 8A (in Division 2) which prohibits the sale 1. bacco from an automatic machine.
- 16. Clause 15 makes a minor menament to improve the wording in section 10(1).
- 17. Clause 16 creates Division 4 (gener 1) of Part 1.
- 18. Clause 17 makes consequential amendments to section 12.
- 19. Clause 18 amends the iic' of definition; i. section 13 and makes provision about information society se. vice 3.
- 20. Clause 19 amends section 13 by requiring in athorised person exercising powers under that section to have duce evider ce or his or her authority on demand.
- 21. Clause 20 inserts new sections 20A and 20B (fixed penalue for offences under Part 2). New section 20A empowers an authorised person to is sue fixed penalty notices in respect of offences under Part 2 and new section 20° deals with their withdrawal.
- 22. Clause 21 repeals section 21 (penalties) and relocates the penalties accordingly.
- 23. Clause 22 amends section 22 by inserting a new subsection (2A) which provides that payment of a fixed penalty issued under new section 20A by an officer does not preclude prosecution of the body corporate (and *vice versa*).
- 24. Clause 23 inserts a new section 22A which enables the Department of Health and Social Care to amend the 2006 Act by order
 - a. in consequence of developments in technology relating to publishing or distributing by electronic means; or
 - b. for the purpose of making the 2006 Act correspond with legislation operating in the United Kingdom.
- 25. Clause 24 substitutes section 23 (public documents). The effect of the substitution is to require regulations under Part 2 and orders under new sections 20A(5) and 22A to be subject to Tynwald approval.

- 26. Clause 25 substitutes section 25 (interpretation). The purpose of the substitution is to insert a new definition of "authorised person", to tidy up the definition of "DEFA" and to define "DHSC" (as opposed to "the Department"). The clause also substitutes section 26. The effect of the substitution is to omit subsection (2) since it refers to "the Department" (which is no longer defined) and it is a spent provision.
- 27. [The Bill is expected to be cost-neural and revenue-neutral.
- 28. In the opinion of the member moving the Bill its provisions are compatible with the Convention rights within the meaning of the Human Rights Act 2001.]
