

Travel Information for Blood Donors

The Blood Donor Team and the Blood Transfusion service are dedicated to ensuring the safety and well-being of all their blood donors and donor recipients. Travel to many areas within the world can hold risks for those receiving blood donations and it is therefore essential for an in-depth screen prior to being able to donate blood.

If you have any concerns regarding your recent travel and you wish to donate or become a new blood donor please don't hesitate to contact the blood donor team on **650637**

Monday-Friday 9am to 5pm or visit the Blood Transfusion Guidelines on:
