

IN TYNWALD

July 2008

FOR ORAL ANSWER

The Hon Member for Michael (Mr Cannan) to ask the Minister for Home Affairs -

Can you confirm that at the new prison at Jurby there is no remedial work being presently carried out due to shortcomings by the main contractor?

Mr President

There are some ongoing remedial works at the new prison, however at this time it is not clear whether this is due to any shortcomings of the main contractor.

A procedure for dealing with any defects as they arise has been established with all parties, in line with good practice, and as is usually the case following the completion of a major building scheme during the 12 month defect / warranty period.
