

Dates for your diary

Now that things look a little different when doing literature searching we are offering introductory sessions to EBSCO CINAHL and the OVID suite of databases which includes MEDLINE.

Introduction to literature searching using EBSCO CINAHL.

This session is aimed at anyone who would like to gain a basic understanding of the principles of searching using the database CINAHL and the new interface of EBSCO. It can also be used as a refresher course.

Introduction to literature searching using OVID Medline.
