

Noble's Hospital, Braddan

Visiting Times

Visiting hours are generally between 12 and 8pm, but individual wards may have restrictions according to the needs of the patients. It may be possible to visit outside normal hours if necessary. Please check arrangements for visiting with the Nurse in Charge.

Please respect the times below, and remember that whilst your friend or relative will be delighted to see you, too many visitors or an extended visit can be tiring when recovering from an illness or operation.

If you do not know which Ward a friend or relative is on, please ring the hospital switchboard on

(01624) 650000
