Inward to the island

Return from the island

This account facility is not intended to be a credit account, rather a means to ensure your vehicles can be booked and shipped with us without the need for advance payment for each and every shipment. To obtain the benefit of this facility we would be looking for an advance payment of approximately 50% of your total shipment charges in advance of the first vehicle travelling. Total shipment charges should be in excess of £15,000. As each vehicle is shipped to the island we will send you an invoice and **would expect payment of those invoices before the vehicles are returned.** We would expect to have a “tidy up procedure” with your account’s office to finalise the payment/refund on your return to your UK base. Please contact our freight account’s office in Douglas if you require further detail. Phone 01624 645731

I understand that if an account facility is granted it will be operated on the above detailed basis.
