Result of consultation

Three sets of comments were received in response to the consultation document issued on 5th February 2010. All of these contained positive comments.

Therefore, the Commission determined to progress with making the draft Regulations subject to some minor changes.

The updated draft Regulations will be placed before Tynwald at its April 2010 sitting, and, if approved by Tynwald, they will come into effect from 1st May 2010.
