The History of Manx Coins

Issue Date - 20th April 2010

The Isle of Man Post Office is pleased to present this set of stamps to commemorate the history of official legal tender Manx Coinage.

The Isle of Man has a long and proud history of issuing its own coins. The first Manx coins were issued in 1788, and since then the island has produced a variety of coins for its own use and for the benefit of the British Empire. The coins have been made of silver, gold, and copper, and have been used in a variety of ways. Some have been used as a means of payment, while others have been used as a form of identification. The coins have also been used as a means of raising money for charity and other good causes. The history of Manx coins is a fascinating one, and it is a pleasure to be able to commemorate it with this set of stamps.

70th Anniversary of the Battle of Britain

Issue Date - 19th April 2010

THE ISLE OF MAN POST OFFICE IS PLEASED TO COMMEMORATE THE 70th ANNIVERSARY OF THE BATTLE OF BRITAIN WITH THIS SET OF SIX STAMPS

The Battle of Britain was one of the most important battles of the Second World War. It was fought between the German Luftwaffe and the British Royal Air Force from July to October 1940. The battle was a tactical draw, but it was a strategic victory for the British. It showed that the German Luftwaffe was not invincible, and it gave the British the time they needed to build up their air force. The battle was also a morale boost for the British people, who were facing a long and hard war.

The stamps in this set of six stamps commemorate the 70th anniversary of the Battle of Britain. They feature a variety of scenes from the battle, including a Spitfire in flight, a bomber being shot down, and a pilot in a cockpit. The stamps are a beautiful way to remember this important event in our history.
