

The legislation files are up to date.

The Social Security legislation files provide access to the legislation made under the following Acts of Tynwald:

- [Pension Schemes Act 1995](#) (c. 11)
- [Social Security Act 2000](#) (c. 5)

and to those schemes that are deemed to have been made under section 1A of the Social Security Act 2000 by section 2 of the [Social Security \(Amendment\) Act 2009](#)

The Age-related TV Licence Fee Concession (No. 2) Scheme 2020 and the Manx Reskill Scheme 2022 were made under the Financial Provisions and Currency Act 2011 and are therefore not included in the Social Security Legislation as found within this document. They can be found by going to the [Isle of Man legislation website](#) and looking them up under the Financial Provisions and Currency Act 2011.

The files, subject to a few exceptions, do not reproduce provisions that:

- simply amend an earlier measure without special savings;
- have been repealed or revoked without savings; or
- have otherwise been superseded.

The text generally represents those provisions which are in force on the day the file is accessed, or were due to come into force very shortly afterwards.

Amendments are explained in footnotes.

The new provision or new words are enclosed in square brackets with a figure referring to the footnote, so that amendments can be clearly seen.

After a row of dots a footnote will explain the deletion.

In an Act there may be a list of the Act's commencement dates at the end of the document.

The files aim to reflect all textual amendments which have come into force.

However blanket amendments (e.g., amendments required by Transfer of Functions Orders, etc.), or amendments to references in Statutory Instruments to provisions which are affected by a consolidation of an Act or of another Statutory Instrument may not be made within the files.

Provisions that are currently in force are in Times New Roman font.

*Notes that are not part of the legislation but are there for information purposes are in Times New Roman italics. Please note crossheadings are also in this font type.*

*Provisions which have been passed or made but which have not yet come into force may also be included in the legislation files. They are in Garamond italics font type.*

Where amendments to the legislation include savings of a common form or obvious nature, or of limited application or minor importance, the saved provisions are not normally retained in the text.

The fact that there are savings is normally mentioned in the annotation, and the saving provision can be read via the link to the amending legislation.

Provisions in Arial font are either:

- those that have been superseded, but which are transitionally or permanently saved; or
- those that are now repealed or otherwise inoperative, but are reproduced in order to make sense of provisions which remain in force.

This work does not purport to be an authority for any legislation provision.

It seeks to avoid anything which might be construed as a comment on, or interpretation of, a statute or other instrument.

Thus material which appears to be misprinted or incorrectly punctuated may be an exact and deliberate reproduction of material published by authority. Even so, please [email](#) Social Security to inform us if any textual errors or broken links are found.

Some of the PDFs contain bookmarks - these can be used to see the contents of, and navigate within, the PDFs.

Statutory Documents and Government Circulars as enacted may be found by visiting the [Tynwald website](#) or by [emailing](#) the Tynwald library. Manx primary legislation is available in revised format by visiting the [Isle of Man Legislation Website](#).

United Kingdom legislation can be accessed from the [legislation.gov.uk](#) website.

### **Note:**

From 1 April 2014 the Transfer of Functions (Health and Social Care) Order 2014 ([SD2014/0008](#)) provided for the transfer of the social security functions of the former Department of Social Care to the Treasury.

From 24 November 2017 the Transfer of Functions (Economic Development and Education) Order 2017 ([SD2017/0325](#)) renamed the Department of Economic Development as the Department for Enterprise, renamed the Department of Education and Children as the Department of Education, Sport and Culture and transferred certain functions of the former Departments to the Treasury.

**Or**

by the SD/GC/SI number or title of the legislation

Press "Ctrl" and "F" and type your search term within the find box.

Where you know the GC, SD or SI number of the legislation you are searching for just use the numbers, so for example S.I. 2000/3188 is searched as 2000/3188, SD26/00 is searched as 26/00, etc.

Searches for Statutory Instruments may result in a "hit" with no hyperlink to it as those that simply amend other provisions are not reproduced. These Statutory Instruments are those found in the tables at the end of this document.

**Or**

by Bookmarks/subjects

This PDF contains bookmarks which divide the legislation into primary legislation and subordinate legislation.

The primary legislation is divided into the Acts of Tynwald and Acts of the United Kingdom Parliament which have been applied to the Isle of Man.

The United Kingdom Acts are divided under which Act of Tynwald they were applied under.

Subordinate legislation that is reproduced has been listed under subjects with entries under more than one subject where necessary.

There is then a list of United Kingdom Parliament Statutory Instruments applied to the Island but not reproduced as they amend other legislation and therefore their provisions are found in the legislation they amend.
