Note

Notes for Guidance INSP.1 remains the primary guidance for the Inquiry subject only to the extended dates for registration and submission of documents.

Extensions of Time

Notwithstanding requests for further time to register an interest in the forthcoming public inquiry, the Inspector remains of the view that no such extension is strictly necessary, given the prior publicity and the opportunity for further representations before the Plan is finally adopted, as indicated in the published reply of 8 May to the request from Peel Commissioners and in the Community Guide attached to the Inquiry web page.

However, for the avoidance of doubt as to whether those with concerns about the proposed Major Changes, including added sites, are properly included in the Inquiry, ***Registration forms will be accepted up to 5pm on Friday 17 May.***
Commensurately, Written Representations and Position Statements will be accepted up to 5 pm on Friday 28 June.

Thus, ***it is only necessary at this stage*** for members of the public, whether or not they responded to the original consultation on the draft Plan, ***to record an intention to participate in the Inquiry from 16 July***. Written evidence is not required until 28 June.
