Introduction

The following Publication Schedule is intended to provide information to users of the various reports produced by Statistics Isle of Man about when they can expect reports to be made available.

There may be reports or statistics that are developed during the year due to an emerging issue, in response to a parliamentary request or as an experimental statistic. This document will be updated should this happen and the new items will be clearly identified.

The data within the reports will also be available as part of the Isle of Man Government's Open Data policy at the same time as the report is released.

Further information about any of the reports is available from Statistics Isle of Man, who can be contacted through:
