Please provide details of your accommodation costs whilst attending University:

Please provide an estimate of your travel costs whilst at University

Expected cost of living per month:

Income (including earned income and parental contributions):

Personal Statement

Please state the reasons why you are going to University

Reasons for your application for this award (continue on separate sheet if required)

By applying for this bursary, you agree to:

- Demonstrate course/class attendance to a high level.
- Provide reports from your University documenting end-of-year grades.
- Keep Microgaming posted on your progress and experience (ideally in the style of a blog) at least once a year. The information you provide may be used to update Microgaming’s website and social media properties, though your identity need not be disclosed.
- Attend a pre-arranged catch-up at Microgaming’s offices on the Isle of Man.
- Contact Microgaming ahead of the summer break to enquire about placement opportunities.
- Behave in an appropriate manner for as long as you benefit from the Microgaming Bursary Programme.
- Do your best. A pass is the minimum grade required of you to remain eligible for the bursary, but Microgaming would be thrilled to see you achieve more.

Microgaming and the Department of Education and Children will review the bursary award at the end of each academic year. Provision of the award is subject to the points above being met. Please contact Andrew Shipley, Legal and Administration Manager (Tel: 01624 685828) if you have any questions.
