REPORT

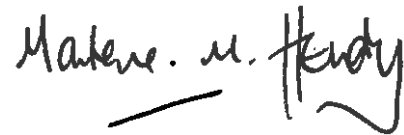

PROPOSED ENTRY INTO THE PROTECTED BUILDINGS REGISTER OF SULBY OLD SCHOOL, ST, STEPHENS'S CHURCH AND CHURCH HALL (former School room) AND SULBY METHODIST CHURCH

Under the Notice of Intention to Register the above buildings representations to the Department had to be made by the 14th April, 1998. Submissions were received from the following parties:-

1. Lezayre Parish Commisioners - fully support Registration in all three cases;
2. Ramsey Methodist Circuit - have considered the matter of Registration of Sulby Methodist church and decided not to raise any objection;
3. Mr and Mrs. J. Vernon - fully support all three Registrations and have submitted some additional historical notes;
4. St. Stephen's PCC - offered suggestions on the title "former School House" but with no other comment.
5. Mr. Simms, present owner of Sulby Old School - I attended a meeting on site with him and his Architect and following discussions, he indicated that he would not be resisting Registration and has not made a submission.

In the light of the general support for the proposed Registrations, I now recommend the confirmation of the entry of all of the above named buildings into the Protected Buildings Register.

SULBY METHODIST CHURCH

This building is of a younger age than its close neighbours above, being built in 1912-13. The design of the building is most pleasing in its attention detail which although Ecclesiastical, is refreshing in its clarity of concept, especially in terms of the interior timber panelling and fittings. The stained glass also shows the influence of the Arts and Crafts movement which was so popular at this time.

My research into this building has not been as in depth as with those above, however in terms of the value of this building in the local landscape, there can be little doubt that this building is now synonymous with images of the Village of Sulby. This is evidenced by the fact that it often appears on post card views and was the image portrayed on the front cover of the Local Village Plan, Issues and Options documentation.

The loss of this building to the landscape of this rural Village would have a major detrimental impact and as such the possibility of protecting this building should be considered.

I would accordingly submit that the aforementioned buildings, all located in the heart of Sulby Village and which are mentioned in the Local Plan, should be progressed towards entry into the Protected Buildings Register.
