

CAR AND FUEL BENEFITS 2017/18

CARS AND FUEL MADE AVAILABLE TO EMPLOYEES FOR PRIVATE USE

A new simplified system was introduced with effect from **6 April 2009**.

- There is no increase or reduction to the charge based on the annual business mileage of the vehicle. If the vehicle is available for the personal use of the employee the normal charge is applied.
- There is no reduction to the charge based on the age of the vehicle.
- Where a second car is made available concurrently to the same employee or their family member the normal rates will be applied to the charge for that car.
