

Expressions of Interest

Kemmyrk Choan Rhennee Conrhenny Shelter

The Isle of Man Government invites expressions of interest from architects and artists to provide submissions for a public shelter that expresses cultural and artistic design to be situated in Conrhenny Community Woodland to Culture Vannin and Department of Environment, Food and Agriculture (DEFA).

Architectural and art installations in the landscape create a strong sense of place and identity, enhance the uniqueness and character of the area and encourage people to view our land and sea-scapes in new ways.

This exciting new project comes from Culture Vannin and IOM Arts Council's partnership on the National Development Strategy for Culture and the Arts, a strategy which aims to bring arts and culture to the community in fresh and inspiring ways, to develop culture and arts for everyone.

We are particularly interested in collaborations between architects and artists, and all submissions should focus on both design and build, including project management.

Should you wish to express an interest in this exercise please contact enquiries@culturevannin.im or phone **(01624) 676169**. Site visits are recommended and access is on public land.

Expressions of interest must be submitted through the above Portal by **noon Monday 14th October 2019**.
