1. Introduction

- 1.1 The Public Sector Pensions Authority (PSPA) was established in 2012, as the Statutory Board responsible for the administration and management of the majority of public sector pension schemes (the 'schemes') as defined in the Public Sector Pensions Act 2011 (the 'Act').
- 1.2 Board Members are appointed by the Council of Ministers and comprise of a legally qualified Chair, who is independent of employer and employee interests, two Members representing the interests of employers, one being the Chair of the Public Services Commission, who is also the Vice-Chair of the PSPA. Two further Members represent the interests of employees, one being nominated by the Isle of Man Trades Council and the other by any other Isle of Man trade union body representing the interests of public sector employees.
- 1.3 The PSPA operates in a similar way to a corporate trustee for a private sector pension scheme, with the PSPA Members representing the interests of all the schemes' beneficiaries and not solely the interests of the body or union that nominated them. However, the Board is not constituted as a Trustee Board and does not therefore have the same fiduciary responsibilities.
- 1.4 Under the Act, the PSPA is responsible for ensuring that the schemes are properly maintained and administered. The PSPA Members meet on a regular basis to consider management and administrative matters, delegating the day to day management and administration to the officers of the PSPA.
- 1.5 Under the Act the functions of the PSPA include:
 - Administering and managing the majority of the public sector pension schemes established in the Island;
 - Acting as a policy adviser to the Council of Ministers on the superannuation of public sector employees;
 - Making and amending public sector superannuation schemes, subject to Tynwald approval; and
 - Preparing annual accounts hereafter referred to as financial statements, relating to those schemes it administers and manages.
- 1.6 The Isle of Man Treasury and Cabinet Office provide the PSPA with finance and payroll services. In practice, the PSPA coordinates and administers the calculation and set up of expenditure and monitors income, whilst the Treasury makes payments and receives funds from contributions and transfers to the schemes.

PSPA's Mission Statement

- 1.7 To deliver high quality pension and other superannuation benefit services, which are customer focused and cost effective for all stakeholders.

PSPA's Management and Administration Costs

- 1.8 In accordance with section 9(3)(c) of the Act, the cost for the management and administration of the schemes must be paid by the PSPA out of monies provided by Tynwald or from such other sources of funding as is approved by Tynwald. These costs are not reflected in the annual report and financial statements of the individual schemes.

2. Public Sector Pensions Authority Board

Mr J Carter, LLB Chair (Independent) Re-appointed 12 January 2017

PSPA Members representing the interests of Employers

Hon C C Thomas, MHK	Vice Chair	Appointed 3 November 2016
Mr D J Ashford, MHK		Resigned 8 January 2018
Mrs J Poole – Wilson		Appointed 22 March 2018

PSPA Members representing the interests of Employees

Mr E Holmes	Re-appointed 1 February 2017
Ms A Moffatt	Appointed 24 November 2015

4. Public Sector Pensions Authority's Report

- 4.1 The Police Pensions Regulations 2010 (the 'Scheme') is a public sector pension scheme which commenced on 1 April 2010.
- 4.2 The Scheme is an unfunded, contributory, voluntary membership, defined benefit scheme which provides retirement, death and dependants' benefits for qualifying members.

The Rules Affecting the Scheme

- 4.3 The Rules governing the management and administration of the Scheme, The Police Pensions Regulations 2010, were implemented under Section 3, 12(2) and 12(3) of the Superannuation Act 1984.
- 4.4 The Scheme now operates under the Public Sector Pensions Act 2011, which has superseded the Superannuation Act 1984.
- 4.5 This Scheme replaced The Police Pensions Regulations 1991 and the majority of new members can only join this Scheme. However, those officers who transfer from a United Kingdom Police force with existing pension rights to the Police Pension Scheme 1987 may either become a member of the Police Pensions Regulations 1991 or a member of this Scheme.

Analogous to the UK Police Pensions Scheme

- 4.6 The Scheme is consistent with the England and Wales Police Pensions Regulations 2006 (S.I. 2006/3415), which were in place prior to the amendment to the UK Scheme on 1 April 2015. The Scheme is subject to modifications, however, changes to the UK Scheme only apply in the Isle of Man if the PSPA agrees with the proposed change and consultation has taken place with affected members, their representatives, Treasury, relevant Departments and Boards prior to approval being sought in Tynwald for the scheme amendment.

Sponsoring Employer

- 4.7 On 31 March 2018, Scheme members were appointed by the Department of Home Affairs.

Information about the Scheme

- 4.8 Information about the Scheme is provided in the Member Guide – Police Pension Regulations 2010, copies of which are available on the Resource page of the PSPA website at <http://www.pspa.im>

Benefits of the Scheme

- 4.9 Benefits under the Scheme, including pensions and lump sums, are calculated using final pensionable pay and length of pensionable service.

- 4.10 Further information about the Scheme's benefits are contained in the Member Guide on the website, which addresses matters such as injury benefits, early retirement, protection for members' family and lump sums.

Forthcoming Changes

- 4.11 A new police pension scheme came into force in the UK on 1 April 2015 and the future of police pensions forms part of the PSPA's reform agenda. Discussions have been ongoing throughout 2017/18 and the amendments to the Police Pension Regulations 2010, by way of the Police Pension (Amendment) Regulations 2017 come into force from 1 April 2018.

Employer Contributions

- 4.12 There were no employer contributions paid by the Department of Home Affairs, until 1 April 2016, where employers paid 15% of superannuable pay.

Member Contributions

- 4.13 The member contribution rates and increases are shown in the table below:-

Annual Contributable Salary	1 April 2014
Tier 1 - below £27,000	11%
Tier 2 - £27,000 to £59,999	12.05%
Tier 3 - £60,000 and above	12.75%

Member Contributions - Additional Voluntary Contributions

- 4.14 Scheme members may increase their retirement benefits by the payment of Additional Voluntary Contributions ('AVC') in the following ways:
- Paying AVCs into a Group Personal Pension arrangement with Aviva Life UK Services Limited;
 - Paying AVCs into with-profits contracts with Aviva Life UK Services Limited and Prudential Pensions Limited; and
 - Paying AVCs into the Scheme by purchasing added years.

Annual Pension Increase

- 4.15 Pension increases are made in accordance with the Pensions (Increase) Act 1974, by way of the Isle of Man Treasury's Pensions Increase (Annual Review) Order. The Order is made under Section 59 of The Social Security Pensions Act 1975, as it has effect in the Isle of Man, which requires the Isle of Man Treasury to increase the annual rate of an "official pension" by the same percentage as it is raised by the Secretary of State for Work and Pensions in the United Kingdom.

- 4.16 Pension increases are linked to those for additional state pension, such as the State Second Pension, and any uprating takes into account the rate of UK inflation over the previous year to September.
- 4.17 The pension increase on 10 April 2017 was in line with the UK's Consumer Prices Index for the 12 months to September 2016, and this was 1%.

Membership Information

- 4.18 Details of the membership of the Scheme as follows:-

	31 March 2018	31 March 2017
Active members	88	66
Deferred members with preserved benefits	4	4
Pensioners	1	0
Total membership	93	70

Movements within the Scheme's Active Membership during the Year

Active membership	2017/18	2016/17
Active membership on 1 April	66	56
Late notifications/data alteration/misc. correction	(2)	(2)
Additions		
New members joining	30	16
Reductions		
Retirements	(1)	0
Members leaving entitled to contribution refund or transfer out	(4)	(4)
Leavers with deferred benefits	(1)	0
Active membership on 31 March	88	66

Movements within the Scheme's Deferred Membership during the Year

Deferred membership	2017/18	2016/17
Deferred membership on 1 April	4	5
Late notifications/data alteration/misc. correction	(1)	(1)
Additions		
Leavers with deferred benefits	1	0
Reductions		
Transfers out	0	0
Deferred membership on 31 March	4	4

Movements within the Scheme's Pensioner Membership during the Year

Pensioner membership	2017/18	2016/17
Pensioner members on 1 April	0	0
Additions		
Retirements	1	0
Reductions		
Deaths in retirement	0	0
Pensioner membership on 31 March	1	0

Note: The figures include Pensioners, Child Pensions, Widow/Widower Pensions, Injury Pensions/Awards and Additional Pension beneficiaries.

Tax Status

- 4.19 The Scheme is exempt approved for the purposes of the Income Tax (Retirement Benefit Schemes) Act 1978 and Part I of the Income Tax Act 1989 (Acts of Tynwald). Full tax relief is granted on members' contributions paid to the Scheme.
- 4.20 The Income Tax (Approved Pensions Schemes)(Trivial Commutation Lump Sums)(Amendment) Regulations 2016 approved by Tynwald in February 2016, increased the trivial commutation limit from £30,000 to £50,000 and reduced the age at which trivial commutation could be paid from 60 years of age to 55 with effect from 6 April 2016.

National Insurance Status

- 4.21 The Scheme is currently contracted-out of the State Second Pension Scheme ("S2P").
- 4.22 With the introduction of the new Manx State Pension from 6 April 2019, S2P and contracting-out will cease, which will increase National Insurance contributions for employers and employees who participate in the Scheme.
- 4.23 A Treasury consultation with stakeholders to end contracting-out was carried out in July and August 2017. Treasury confirmed that the additional National Insurance cost to Isle of Man Government (as an Employer) will be managed as part of the budget process and will not amend or impact on future benefit entitlements for members of Public Sector Pension Schemes.

Funding Status

- 4.24 The PSPA has undertaken an assessment of the future funding of all the schemes it manages and administers on a collective basis. The PSPA expects the schemes, including this Scheme, to continue operating on an unfunded basis for the foreseeable future, with any shortfall between income and expenditure being funded by the Treasury.

Accounting Records

- 4.25 Prior to 1 April 2012, the Scheme accounting records were maintained on a cash receipts and payments basis and there was no requirement to prepare financial statements.

- 4.26 Since 1 April 2012, the PSPA has been responsible for the preparation of the Scheme's financial statements in accordance with the Public Sector Pension Act 2011 (the 'Act'). The PSPA has concluded that this Scheme's accounting records should be prepared on an accruals basis.

Statement of PSPA's Responsibilities for the financial statements

- 4.27 The audited financial statements, which are to be prepared in accordance with UK Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", as applicable to an Isle of Man entity, are the responsibility of the PSPA. The Public Sector Pensions Act 2011 requires the PSPA to make available to the Council of Ministers audited financial statements for each Scheme year which show a true and fair view of the financial transactions of the Scheme during the Scheme year and of the amount and disposition at the end of the Scheme year of the assets and liabilities, other than liabilities to pay pensions and benefits after the end of the Scheme year.
- 4.28 The PSPA has supervised the preparation of the financial statements and has agreed suitable accounting policies, to be applied consistently, making any estimates and judgements on a reasonable and prudent. The PSPA is also responsible for:
- Assessing the Scheme's ability to continue as a going concern, disclosing, as applicable, matters related to going concern;
 - Using the going concern basis of accounting unless they either intend to close the Scheme, or have no realistic alternative but to do so; and
 - Making available each year, commonly in the form of an annual report, information about the Scheme, which they should ensure is consistent with the financial statements it accompanies.
- 4.29 The PSPA also has certain responsibilities in respect of contributions which are set out in the statement of PSPA's responsibilities accompanying the PSPA's summary of contributions.
- 4.30 The PSPA is responsible for such internal control as it determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and has a general responsibility for ensuring that adequate accounting records are kept and for taking such steps as are reasonably open to them to prevent and detect fraud and other irregularities.
- 4.31 The PSPA is also responsible for the maintenance and integrity of the PSPA website. Legislation in the Isle of Man governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Further Information

- 4.32 The Isle of Man Government Unified Scheme (Amendment) Scheme 2017, was approved with amending motion at February 2017 sitting of Tynwald, the following related to this Scheme:-
- that the PSPA and Treasury should further investigate options for managing the legacy position in the long term in order to report back to the Council of

Ministers so that it can put forward full options and proposals to Tynwald by November 2017.

- 4.33 The PSPA had supported the work of Treasury and the Cabinet Office to develop options for managing the legacy position. Detailed work on the legacy funding gap, the difference between contribution income and expenditure, which commenced after the 2016 valuation of schemes and was completed with the assistance of the PSPA actuaries. Although the scope of possible options had been developed beforehand, this extremely technical piece of work required detailed actuarial input in order to be as precise as possible on the implications of the options being explored. A report was submitted to Tynwald in July 2018, with a further report being submitted March 2019 which broadly recommended the introduction, in the future, of a voluntary defined contribution scheme once further cost assessments have been undertaken with the Treasury and a design and communication budget plan has been put in place and that its take up should be monitored over a 3-5 year period. In addition, the report recommended that the PSPA continues to manage future costs via regular actuarial valuation assessments and the introduction of a Cost Sharing mechanism.
- 4.34 The unions involved in the Government Unified Scheme have accepted that Cost Sharing will be implemented in time for the first cost sharing review in 2020 and have been working with the PSPA to develop the final cost sharing mechanism.
- 4.35 Cost sharing is the process by which future cost increases under public sector schemes based on agreed actuarial assumptions will be shared between Government and scheme members. The broad basis of how cost sharing will work has been discussed by the PSPA and the unions involved in the Government Unified Scheme. The PSPA is now taking advice from its actuaries on the underlying principles to be used. It is hoped to be able to consult with scheme members on formal Cost Sharing legislation shortly, which will be subsequently submitted to Tynwald for approval.
- 4.36 Enquiries about the Scheme generally, or about an individual member's entitlements to benefit, should be addressed to:-

5. Actuarial Statement

Addressee and Purpose

- 5.1 This statement has been prepared for the Public Sector Pensions Authority ("PSPA"). The purpose of this statement is to set out the disclosures required for the 2017/18 Annual Report and Accounts of the Police Pensions Regulations 2010 scheme ("the Scheme").

Description of the Scheme

- 5.2 The Scheme is an unfunded defined benefit scheme, the Rules of which are set out in the Police Pensions Regulations 2010.

Background to the Scheme

- 5.3 The present arrangements apply to all officers who joined the Isle of Man Constabulary whether as new recruits, officers who had formerly worked for the Constabulary who wish to return, having previously resigned, and any officers recruited from a police force in the United Kingdom.

Principal Actuarial Assumptions and Method used to Value the Liabilities

- 5.4 The financial and demographic assumptions adopted are consistent with those used for the actuarial valuation of the PSPA pension schemes as at 31 March 2016. Details are set out below.
- 5.5 Data provided by the PSPA for the purpose of the 2016 actuarial valuation was used in the preparation of this statement.

Method

- 5.6 The liabilities were assessed using an accrued benefits method which takes into account pensionable membership up to the valuation date, and makes an allowance for expected future salary growth to retirement or expected earlier date of leaving pensionable membership.
- 5.7 The calculation of the estimated cost of benefits earned (or 'accrued') by existing members as determined at the 31 March 2016 valuation allows for all expected future pay and pension increases, and is based on the Projected Unit Method of calculation. This amount is expressed as a percentage of the members' pensionable pay over the year.

Assumptions

- 5.8 The same financial and demographic assumptions were adopted for all PSPA pension schemes at the 2016 valuation.
- 5.9 The key financial assumptions adopted are set out below.

Financial assumptions	31 March 2016	
	% p.a. Nominal	% p.a. Real
Discount rate	4.5%	2.5%
Pay increases	4.0%	2.0%
Price inflation/pension increases	2.0%	-

- 5.10 The key demographic assumption is the allowance made for longevity. The life expectancy assumptions are based on the Club Vita tables used for the 2016 valuations, with improvements in line with the CMI 2013 projections model, assuming that the recent rate of improvements will start to tail off immediately before falling to a long term rate of improvement of 1.25% p.a.
- 5.11 Based on these assumptions, the average future life expectancies at age 65 are summarised below:

	Males	Females
Current pensioners	22.7 years	24.3 years
Future pensioners*	24.9 years	27.1 years

**Future pensioners are assumed to be 45 at the 2015 valuation.*

Other Demographic Assumptions

- 5.12 The tables below show details of the demographic assumptions adopted for the 2016 valuation at specimen ages.
- 5.13 Age retirements – Members are assumed to retire on reaching the Normal Retirement Age applicable to their membership of the Scheme. No allowance is made for early retirements (other than on grounds of ill health).
- 5.14 Retirements in ill health – Allowance has been made for ill health retirements before Normal Pension Age (see table overleaf).

5.15 Tier 1

Age	Incidence for 1,000 active members p.a.	
	Male	Female
	Ill Health	Ill Health
20	0.00	0.00
25	0.00	0.36
30	0.45	0.60
35	0.60	1.20
40	1.05	1.56
45	2.40	2.52
50	6.60	4.92
55	13.50	12.96
60	27.00	0.00

5.16 Tier 2

Age	Incidence for 1,000 active members p.a.	
	Male	Female
	Ill Health	Ill Health
20	0.00	0.00
25	0.00	0.19
30	0.24	0.32
35	0.32	0.64
40	0.56	0.83
45	1.28	1.34
50	3.52	2.62
55	7.20	6.91
60	14.40	0.00

- 5.17 Withdrawals - Allowance has been made for withdrawals from service (see table below).

Age	Incidence for 1,000 active members p.a.	
	Male	Female
	Withdrawals	Withdrawals
20	122.40	116.10
25	80.85	78.10
30	57.35	65.45
35	44.80	56.45
40	36.05	46.95
45	29.50	38.65
50	22.85	29.45
55	19.80	22.70
60	12.00	10.55

- 5.18 Death in Service – Allowance has been made for members dying in active service (see table below).

Age	Incidence for 1,000 active members p.a.	
	Male	Female
	Death in Services	Death in Services
20	0.30	0.16
25	0.30	0.16
30	0.36	0.24
35	0.42	0.40
40	0.72	0.64
45	1.20	1.04
50	1.92	1.52
55	3.00	2.00
60	5.40	2.56

- 5.19 Promotional salary scale – The promotional pay scale is in addition to the allowance for general pay inflation described below.

Age	Promotional Salary Scales	
	Male	Female
	Salary Scale	Salary Scale
20	100	100
25	100	100
30	123	123
35	138	138
40	148	148
45	158	158
50	168	168
55	168	168
60	168	168

- 5.20 Family details – A varying proportion of members are assumed to be married (or have an adult dependant) at retirement or on earlier death. Husbands are assumed to be 3 years older than wives.
- 5.21 Cash commutation – Future pensioners are assumed to elect to exchange pension for additional tax-free cash up to 90% of the maximum amount permitted.

Value of Past Service Liabilities as at 31 March 2016

- 5.22 The PSPA commissioned an actuarial valuation of the Scheme as at 31 March 2016. This valuation revealed the past service liabilities of the Scheme as at 31 March 2016 to be £1.32m. A breakdown of this is provided in the table below.

	Past Service Liabilities £000
Active members	1,265
Deferred members	57
Total	1,322

Cost of Accruing Benefits as at 31 March 2016

- 5.23 The scheme is an unfunded arrangement. Active members pay contributions based on their pensionable pay, with the balance of cost being met by the employer, the Isle of Man Government.
- 5.24 The employer's share of the cost of accruing benefit as determined at the 31 March 2016 valuation on the assumptions set out above is 19.3% and the employees cost is 11.6%. These rates do not reflect the actual contribution rates payable by employers.
- 5.25 Technical Actuarial Standard (TAS)¹ 100 is applicable in relation to this report:

Peter Summers FFA

For and on behalf of Hymans Robertson LLP

Scheme Actuary

¹ Technical Actuarial Standards (TASs) are issued by the Financial Reporting Council (FRC) and set standards for certain items of actuarial work, including the information and advice contained in this report.

6. Report of the Independent Auditors, KPMG Audit LLC, to the Public Sector Pensions Authority, Police Pensions Regulations 2010

We have audited the financial statements of the Public Sector Pensions Authority, Police Pensions Regulations 2010 ("the Scheme") for the year ended 31 March 2018 which comprise the Fund Account for the year ended 31 March 2018 and the Statement of Net Assets Available for Benefits as at 31 March 2018 and related notes, including the accounting policies in note 10.

In our opinion the financial statements:

- Show a true and fair view of the financial transactions of the Scheme during the year ended 31 March 2018 and of the amount and disposition at that date of its assets and liabilities, other than liabilities to pay pensions and benefits after the end of the Scheme year;
- Have been properly prepared in accordance with UK Accounting Standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland, as applicable to an Isle of Man entity.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law.

Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the Scheme in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

Other matter

The financial statements of the Scheme for the year ended 31 March 2017 were audited by another auditor who expressed an unmodified opinion on those statements on 13 November 2017.

Going concern

The Public Sector Pensions Authority has prepared the financial statements on the going concern basis as they do not intend to close the Scheme or to cease its operations, and as they have concluded that the Scheme's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over its ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

We are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least a year from

the date of approval of the financial statements. In our evaluation of the Public Sector Pensions Authority's conclusions, we considered the inherent risks to the Scheme and analysed how those risks might affect the Scheme's financial resources or ability to continue operations over the going concern period. We have nothing to report in these respects.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the absence of reference to a material uncertainty in this auditor's report is not a guarantee that the Scheme will continue in operation.

Other information

The Public Sector Pensions Authority is responsible for the other information presented with the financial statements. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or any form of assurance conclusion thereon in this report.

Our responsibility is to read the other information and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on this work we have not identified material misstatements in the other information.

Public Sector Pensions Authority's responsibilities

As explained more fully in their statement set out on page 11, the Public Sector Pensions Authority is responsible for: supervising the preparation of financial statements which show a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Scheme's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to close the Scheme, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the Public Sector Pensions Authority, as a body, in accordance with the Public Sector Pensions Act 2011. Our audit work has been undertaken so that we might state to the Public Sector Pensions Authority those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Public Sector Pensions Authority, as a body, for our audit work, for this report, or for the opinions we have formed.

7. Independent Auditor's Statement about Contributions to the Public Sector Pensions Authority in respect of the Police Pensions Regulations 2010

Statement about contributions

We have examined the contributions payable to the Police Pensions Regulations 2010 in respect of the Scheme year ended 31 March 2018 which is set out on page 27.

In our opinion, except for the possible effects of the matter described in the basis for qualified opinion section of our report, contributions for the scheme year ended 31 March 2018 have been paid in accordance with the Scheme Rules and with regard to the cost of accruing benefits as advised by the Scheme's actuary.

Basis for qualified opinion

The contributions paid to the Police Pensions Regulations 2010 for the year ended 31 March 2018 were at a lower percentage of pensionable pay than the cost of accruing benefits as advised by the Scheme actuary in the latest actuarial valuation as at 31 March 2016.

As explained in note 10.16 to the financial statements, as per the actuarial valuation dated 31 March 2016, the recommended contributions to be made by the employer have been calculated as 19.3% of pensionable pay by the Scheme actuary, while the employers' normal contributions received equate to 15% of pensionable pay.

This resulted in a contribution surplus of £732,000.00

The contributions payable to the Scheme for the year ended 31 March 2017 were examined by another auditor who expressed a qualified opinion on the contributions payable in their report dated 13 November 2017 with regard to this same matter.

Scope of work

Our examination involves obtaining evidence sufficient to give reasonable assurance that contributions have in all material respects been paid at least in accordance with the Scheme Rules and the cost of accruing benefits as advised by the Scheme actuary. This includes an examination, on a test basis, of evidence relevant to the amounts of contributions payable to the Scheme and the timing of those payments.

Our work did not constitute an audit of the financial transactions and net assets of the Scheme and was performed solely for the purposes of making this statement about contributions.

Respective responsibilities of Public Sector Pensions Authority and auditor

As explained more fully in the Statement of Public Sector Pensions Authority Responsibilities set out on page 11, the Public Sector Pensions Authority is responsible for keeping records in respect of contributions received in respect of active members of the Scheme and for monitoring whether contributions are made to the Scheme by the

Employer in accordance with the Scheme Rules and the cost of accruing benefits as advised by the Scheme actuary.

It is our responsibility to provide a statement about contributions to the Scheme and to report our opinion to you.

The purpose of our work and to whom we owe our responsibilities

This statement is made solely to the Public Sector Pensions Authority, as a body, in accordance with Public Sector Pensions Act 2011. Our work has been undertaken so that we might state to the Public Sector Pensions Authority those matters we are required to state to them in an auditor's statement about contributions and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Public Sector Pensions Authority, for our work, for this statement, or for the opinions we have formed.

8. Fund Account for the Year Ended 31 March 2018

	Notes	2018 £000	2017 £000
Contributions and other income			
Contributions	10.14 to 10.16	633	495
Transfers from other schemes	10.11	127	165
Benefits and other outgoings			
Benefits	10.10	(20)	0
Payments to and on account of leavers	10.11	0	0
Other payments	10.12	(8)	(5)
Net additions from dealings with members		732	655
Net assets of the Scheme at 1 April		0	0
Cancellation of current assets and current liabilities	10.4 to 10.7, 10.19	(732)	(655)
Net assets of the Scheme at 31 March		0	0

8.1 The notes on pages [26 to 30](#) form part of these financial statements.

9. Statement of Net Assets Available for Benefits as at 31 March 2018

	Notes	2018 £000	2017 £000
Current assets	10.4 to 10.7 10.19	0	0
Current liabilities	10.4 to 10.7 10.19	0	0
Net assets available for benefits		0	0

- 9.1 The notes on pages [26 to 30](#) form part of these financial statements.
- 9.2 The financial statements summarise the transactions of the Scheme and deal with the net assets at the disposal of the PSPA. They do not take account of obligations to pay pensions and benefits which fall due after the end of the Scheme year. The actuarial position of the Scheme, which does take account of such obligations, is dealt with in the actuarial statements on pages [13 to 18](#), and these financial statements should be read in conjunction with them.
- 9.3 These financial statements were approved by the PSPA on 15 July 2019

Mr J Carter, LLB
Chair, PSPA

10. Notes to the Financial Statements for the Year Ended 31 March 2018

Statement of Compliance and Transition to FRS102

- 10.1 The financial statements have been prepared in accordance with applicable Isle of Man law, United Kingdom Accounting Standards ('UKAS'), including the Financial Reporting Standard (FRS) 102 – The Financial Reporting Standard applicable in the UK and Republic of Ireland issued by the Financial Reporting Council ("FRS 102") and the guidance set out in the Statement of Recommended Practice "Financial Reports of Pension Schemes" (Revised November 2014)(the "SORP"), and comply with UKAS to the extent that it is considered to be appropriate for an unfunded pension scheme.

Basis of Accounting

- 10.2 Prior to 1 April 2012, the legacy schemes' accounting records were maintained on a cash receipts and payments basis and there was no requirement to prepare financial statements. The PSPA and Treasury agreed that historic debtor and creditor balances between the legacy schemes, the sponsoring employers and the Treasury would be cancelled as the legacy schemes' accounting records contain insufficient information on these balances at the date these schemes closed, being 31 March 2012.
- 10.3 Since 1 April 2012, the PSPA has been responsible for the preparation of the Scheme's financial statements in accordance with the Public Sector Pension Act 2011 (the 'Act'). The PSPA has concluded that this Scheme's accounting records should be prepared on an accruals basis. Injury Benefit payments are made through the Police (Injury Benefit) Regulations 2010, with those payments being recorded on an accruals basis in these financial statements.

Accounting Treatment – Cancellation of Current Assets and Current Liabilities

- 10.4 The Scheme operates on an unfunded basis and as such a separate fund has not been established from which the Scheme can pay the members' benefits and other out-goings.
- 10.5 As a consequence, the PSPA and Treasury have agreed that with effect from 1 April 2011 that neither party will seek the payment of the amounts due from the other party being:
- Amounts due from the sponsoring employers to the PSPA, mostly contributions which have been collected by the Treasury and paid into the Isle of Man Government's General Reserves; and
 - Amounts due from the PSPA to the Treasury, mostly members' benefits and other out-goings paid by the Treasury.
- 10.6 This agreement is subject to the Treasury continuing to provide sufficient additional funding, to meet the Scheme's financial obligations to pay pensions and benefits as they fall due after the end of the Scheme year.

- 10.7 The financial statements and the notes to the financial statements have been prepared on this basis. The cancellation of these balances occurs annually, as reflected in the fund account. The PSPA has concluded that this accounting treatment presents fairly the Scheme's position and financial performance.

Accounting Policies

- 10.8 The following principal accounting policies, which have been applied consistently, have been adopted in the preparation of the financial statements.

Currency

- 10.9 The Scheme's functional currency and presentational currency is pound sterling (GBP)

Benefits

- 10.10 Pensions in payment are accounted for in the period to which they relate. Other benefits are recognised on a similar basis being on the date of retirement, death or leaving the Scheme as appropriate. The objective is to ensure that all benefits that fall due for payment in the accounting period are recognised in the financial statements.

Transfers To and From Other Schemes

- 10.11 Transfer values represent the capital sums either receivable in respect of members from other schemes of previous employers or payable to the Scheme of new employers for members who have left the scheme. They are accounted for on an accruals basis on the date that the PSPA or the receiving scheme accepts the liability. The liability normally transfers when a payment is made.

Other Payments

- 10.12 Other payments include the refund of contributions.
- 10.13 Administrative expenses are borne by the PSPA and have not been reflected in these financial statements.

Statement of Public Sector Pensions Authority's Responsibilities in respect of Contributions

- 10.14 The Public Sector Pensions Authority is responsible for keeping records of contributions received in respect of any active member of the Scheme and for procuring that contributions are made to the Scheme in accordance with the Scheme rules and having regard to the cost of accruing benefits as advised by the Scheme actuary.
- 10.15 Normal contributions, from the sponsoring employer and the members, are accounted for on an accruals basis.

- 10.16 Using the actuarial valuation dated 31 March 2016, employer's normal contributions receivable have been calculated as 19.3% of pensionable pay (19.1% in 2013 valuation). Employers' normal contributions paid by the sponsoring employers equate 15% of pensionable pay (2017: 15%).

	2018 £000	2017 £000
Employer's Contributions		
Normal	396	309
Members' Contributions		
Normal	238	186
Contributions Total	634	495

Additional Voluntary Contributions

- 10.17 Additional Voluntary Contributions ('AVCs'), including augmentations are accounted for on an accruals basis. Amounts paid in respect of money purchase AVCs to secure additional defined contribution benefits under arrangements made by the PSPA are not reflected in these financial statements.

Funding of Current Year Benefits and Other Outgoings

- 10.18 Benefits and other out-goings are funded on a 'pay as you go' basis, primarily through a combination of:
- Contributions paid by the sponsoring employers and members to the Treasury;
 - Transfers from other schemes in respect of new members, paid to the Treasury; and
 - Additional funding provided by the Treasury, including transfers from the Public Service Employees Pension Reserve ('PSEPR'), a non ring-fenced reserve of the Isle of Man Government.

Cancellation of Current Assets and Current Liabilities

10.19

	2018 £000	2017 £000
Amount due from the sponsoring employer to the Scheme	760	660
Amounts due from the Scheme to the Treasury in respect of benefits and other payments	(28)	(5)
Cancellation of current assets and current liabilities in Total	732	655

Related Party Transactions

10.20 Related party transactions and balances comprise:

- During the financial year there were no serving PSPA members, or their close family, who were active, deferred or pensioner members of this scheme. (2016/17: no active, deferred or pensioner members);
- The provision of administrative services by the PSPA and Treasury was without recharge to the Scheme (see note [10.13](#)); and
- Fees and expenses of £4,200 (2017: £4,000) paid by the PSPA, on behalf of all the Schemes that it administers to certain PSPA members that were not in the current employment of any of the sponsoring employers.

Contingent Liabilities and Commitments

10.21 In the opinion of the PSPA the Scheme has no contingent liabilities and commitments other than those items disclosed elsewhere in the financial statements.

Investment Risk

10.22 The Scheme holds no financial assets in its own right and, as stated in the "Accounting treatment – Cancellation of current assets and current liabilities" section amounts due to and from the Treasury are cancelled on an annual basis, as reflected in the fund account. As a consequence, no disclosure of information is required by FRS 102.

Future funding

10.23 The PSPA has performed an assessment of when the contractual obligations to pay pensions and benefits will fall due after the balance sheet date and, how these contractual obligations will be funded. This assessment has been performed on a combined basis for all public sector pension schemes (the 'schemes') as defined under the Public Sector Pensions Act 2011 (the 'Act').

10.24 The policy adopted in the 2017 Isle of Man Government Budget and Five Year Financial Plan is to cover the 'funding gap' between the overall cost of pensions and the contributions to the schemes through utilisation of the Public Service Employees Pensions Reserve. Once that reserve is depleted, there is an anticipated additional £45m pressure on the general revenue position, which the Five Year Financial Plan will allow to be accommodated within the revenue targets through a combination of income growth, expenditure restraint and cost savings over that period.

10.25 There continues to be a legacy funding gap between the schemes' cash payments and cash receipts as described in the Cabinet Office paper called 'Public Sector Pensions – Addressing the Legacy Funding Gap', which was informally discussed with Tynwald Members and alluded to in the pensions debate and Motion in June 2016 Tynwald. The work undertaken by the Cabinet Office indicated that:

- Government funding will need to increase annually, reaching a forecast £155.6m by 2034/35; and that

- Government funding will continue to be met through a combination of transfers from General Reserves and the non ring-fenced Public Service Employees Pension Reserve ('PSEPR') until the PSEPR is exhausted in 2021/22 (based on current budget projections). The PSEPR's market value at 31 March 2018 was £145 million (2017: £181.4 million).

- 10.26 The PSPA had supported the work of Treasury and Cabinet Office to develop options for managing the legacy position. Detailed work on legacy funding gap, the difference between contribution income and expenditure which commenced after the 2016 valuation of schemes and was completed with the assistance of the PSPA actuaries. Although the scope of possible options had been developed beforehand, this extremely technical piece of work required detailed actuarial input in order to be as precise as possible on the implications of the options being explored. A report was submitted to Tynwald in July 2018, with a further report being submitted March 2019 which broadly recommended the introduction, in the future, of a voluntary defined contribution scheme once further cost assessments have been undertaken with the Treasury and a design and communication budget plan has been put in place and that its take up should be monitored over a 3-5 year period. In addition, the report recommended that the PSPA continues to manage future costs via regular actuarial valuation assessments and the introduction of a Cost Sharing mechanism.
- 10.27 Irrespective of any uncertainties over the future funding arrangements for the Schemes based on the Isle of Man Government's future financial projections, the PSPA has concluded that the schemes can continue to meet their contractual obligations as they fall due with any shortfall between income and expenditure being funded by the Treasury.
