

## APPLICATION FOR ADMISSION

### Select List for Flood Risk Management Maintenance Contractors

#### TT2019/21

The Manx Utilities Authority is a statutory authority providing electricity, wholesale natural gas and clean water and processes waste water on the Isle of Man.

Manx Utilities is the flood risk management authority for the Isle of Man and is responsible for all matters relating to flood risk management, as defined by the Flood Risk Management Act 2013. Manx Utilities has extensive responsibilities to manage flood risk; including constructing, maintaining and improving flood risk management assets.

As part of a yearly rolling programme of works, numerous work packages are to be progressed each year specifically related to construction, maintenance and improvement of culverts, weirs, embankments, concrete structures, steel structures, brick and masonry structures, timber structures, rock and stone revetments, precast concrete units and concrete blockwork structures, gabion and reno mattresses, bridges, outfalls, flood gates and barriers. Ancillary works such as fencing, tree management, flow management e.g. pumping, traffic management, access tracks, dredging will also be needed as and when required.

Manx Utilities are seeking to appoint competent and qualified contractors to this Select List.
