Resident's Parking Permits Guidance Notes

1. What is the purpose of a resident's parking permit?

Disc Parking Zones are in effect within Towns and Villages throughout the Island. The purpose of these Zones is to restrict long term parking of visitors or commuters within the zone. The hours of operation in retail areas are generally Monday - Saturday 0800 to 1800 hours and in residential areas Monday – Friday 0800 to 1800 hours.

Residents who live within Disc Parking Zones are eligible to apply for a Resident's Parking Permit which allows them to park in the area without being subject to the time restrictions placed by the Disc Zone Regulations.

2. What type of vehicles are permitted to park in a Disc Zone?

The Disc Parking Regulations¹ provide for a class of vehicle called "Class A" vehicles.

These are defined as:

- Motor cars (including dual purpose vehicles, i.e. 4x4's);
- Motorcycles and motorcycles with sidecars;
- Tricycles (3 wheeled vehicles not exceeding 500 kilograms unladen weight);
- Invalid carriages;

Please note: Camper Vans are not eligible for a resident's parking permit.

7. Who is not eligible for a resident's parking permit?

- Only if it is a small van and does not exceed 2 tonnes maximum laden weight **and** is no longer than 4.5m in length.

9. I have visitors staying at my house, can they apply for a permit?

- Applications for temporary visitor permits, which may be issued to persons visiting relatives on the Island, must be accompanied by the vehicle registration document and a valid tax disc. The application must also

be accompanied by a letter from you, the householder, confirming the address at which they will be staying and the applicable dates.

10. Is there a fee for a Resident's Parking Permit?

- Not at present.

11. What documentation is required to apply for a resident's parking permit?

- Up to four, but you may only use the permit on one vehicle at a time.

14. Conditions of use for a resident's parking permit

- (1) The permit must be clearly displayed on the front windscreen at all times when the vehicle is parked in the designated Disc Zone. Failure to do so may result in the issuing of a Fixed Penalty Notice.
- (2) Vehicles and their contents are parked at owner's risk and the Department will accept no liability for loss or damage to vehicles however caused.
- (3) The permit holder is responsible for the safe-keeping of the permit and must notify the Department immediately of any loss of a permit.
- (4) Permits should be surrendered back to the Department if no longer required.
- (5) Permit holders must advise the Department of any change of address and/or vehicle.
- (6) Permits remain the property of the Department and are **not transferable** to other persons.
- (7) In the event of any abuse of these conditions and without prejudice to any action capable of being brought under the relevant Road Traffic Legislation, the Department reserves the absolute right to recall and cancel the permit at any time and to decline thereafter to allocate any further permits to the person concerned.
