

Notice to Fishermen Havhingsten Fibre Optic Cable Laying Operations....Update.

Dear All,

Please see attached visualisations and co-ordinates for areas on the cable laying route within S1.2 Block 2 where there are now exposed cables on the seabed and all fishing activity is prohibited. These are at points where the cable crosses the existing Hibernia and HVDC cables.

For a large scale visualisation of the cable route within the IOM Territorial Sea and associated closed areas to fishing please see updated Kingfisher Chart at <https://kingfisherbulletin.org/notice-map?noticeId=1129>

Further updates to follow,

Best regards,

Guy Sutton IOM FLO Marine Space UK
