Isle of Man European Union (EU) Settlement Scheme

Statistics Report

Covering 1 April 2019 – 31 January 2021

About the Isle of Man EU Settlement Scheme

The Isle of Man European Union (EU) Settlement Scheme enables EU, European Economic Area (EEA) and Swiss citizens and their families, resident in the Isle of Man, to obtain an immigration status under the Isle of Man Immigration Rules.

The Isle of Man EU Settlement Scheme commenced on 30 March 2019.

The Isle of Man EU Settlement Scheme is set out in Appendix EU to the Isle of Man immigration rules. Those who apply will be granted an immigration status of either **indefinite leave to enter or remain** or **limited leave to enter or remain**.

There is no charge for an application under the Isle of Man EU Settlement Scheme.

About the data provided in this report

Table 1 sets out the number of applications **processed** by applicant nationality for the period **1 December 2020 to 31 January 2021**.

Table 2 sets out the number of applications sorted by outcome and **processed** for the period **1 December 2020 to 31 January 2021**.

Table 3 sets out the total number of applications **received** under the Isle of Man EU Settlement Scheme for the period **1 April 2019 to 31 January 2021**. A new reporting system has been implemented to provide this data

Where there is a discrepancy between the total number of **processed** and **received** applications, this is because either:-

- applications from the previous month have now been **processed**, or
- a number of applications **received** in that month are still being processed

The discrepancy on the previous reports covering September 2019 to January 2020, is because of the migration of records to a new reporting system. The figures in this report should be viewed as true and correct

It should be noted that, due to Covid-19 restrictions, the office was closed from 6th January 2021 until the 1st February 2021. No applications were processed during this time.

***Indefinite leave to enter or remain** is granted where an eligible applicant has been continuously resident for 5 years. Anytime spent living in the Isle of Man, United Kingdom or Channel Islands may be counted.

****Limited leave to enter or remain** is granted where an eligible applicant has not yet reached their 5 years of continuous residence.

****Other outcomes** includes any outcome that did not result in a grant of leave because the application was withdrawn by the applicant, was invalid as it did not include the required proof of identity and nationality, or other mandatory information, or was void because the applicant was ineligible to apply.
