Preparing for the Student Award Application Process 2021-22

Things that you can do now:

Make sure you have your National Insurance number. If you don't have it or have forgotten it you should contact the Tax and National Insurance team.

You can find contact details for them by following this link
<https://www.gov.im/categories/tax-vat-and-your-money/income-tax-and-national-insurance/>

You will need your National Insurance number to log on to the IOM Online Services.

You can set up your online services account now by following this link
<https://services.gov.im/> (Please be aware that you are not making a Student Award application at this time. You are just registering for an online services account. We will announce when the 2021-22 applications are ready to go live. Any applications made before that date will be not be processed)

If you intend to apply for a Maintenance Grant you will need to have a Bank Account. If you do not have a Bank Account you should set one up now so your Maintenance Grant can be paid on time to you. This Bank Account should be in your name. If Bank Account details are not supplied before you go to University/College then Maintenance payments to you will be delayed.

Make sure that you and your Parents/Guardian/Contributors read through ALL of the guidance that is provided on our website www.gov.im/student-awards
