Subject: RE: Donkey Track U72

Caution: This email is from an external sender. Please take care before opening any attachments or following any links.

Dear Andy,

I wish to object to the planned for opening of a so called Donkey Track U72 for the following reasons.

One is that my house almost borders the so-called donkey track, and when I bought my house I had no knowledge of such, and nothing came up on local searches, meaning that as far as I was concerned there was no such track there. Had I have known of what is said to be it's existence, then I would not have bought the house. This is pretty important really I feel.

This objection then is born from that, but also, I know from such tracks that there will be car parking when people come to walk and cycle. The fact is this in on a blind bend and also on a very narrow, almost one way road.

I trust that my objections will be properly taken into account.

Regards,
