Dear Mr Johnstone,

Section 117 Highways Act 1986 U72, Andreas (Donkey Track)

I refer to the Public Notice that was recently in the Isle of Man Courier regarding the Inquiry taking evidence of public usage of this road.

My mother, the late Mrs Edith Kneale (nee Daugherty) lived in the property called Jemmy Dan's Cottage, located on the A17 at Kerroogaroo, very near the western end of the U72. The family had a smallholding and my mother told me how the family would take cattle along this U72 road and other nearby roads. During the 1930's and up to the early 1940's my mother regularly used to cycle along the Donkey Road, as she called it, to her place of work in Ramsey.

I hope this information might be of use to the Inquiry and should you require any clarification please feel free to contact me.
