

The Board is asked to consider the following action log which is brought forward from the previous meeting

Manx Care Board - Action Log

completed	update required	not yet due	overdue/ delayed

Board Minute Ref No./Month	Action	Lead	Target Closure Date	Due date or revised date	Update	Date Closed
79.21 / June	Update on Neurology Patient Story to be brought to November Board	SA/PM	23/11/2021		At the request of the contributor the story will be provided to a private session of the Board meeting.	
130.21 / Sept	Make a recommendation as to the future of the MCALS service	TC	23/11/2021		Agenda item 191	
137.21/Sept	Present a roadmap for the recruitment campaign devised by the Director of Communications	TC	23/11/2021		Agenda item 191	
138.21/Sept	Review whether there is a requirement for the provision of creche services at Nobles hospital	BS	23/11/2021		Research to establish the need for creche facilities had been undertaken. From those who receive feedback from staff, to date only a small number of people have mentioned that having nursery facilities would be beneficial to them. The development of Braddan Commissioners Community hub sees the development of a crèche/nursery this will no doubt be the best option for us to find a solution rather than our own build facility which would have unknown use.
