- Facing forward and looking straight at the camera;
- In close-up of their face, head and shoulders with a recommended head height (the distance between the bottom of the chin and the crown of the head) of between 29-34 millimetres.
- With a neutral expression and with the mouth closed (no smiling, frowning or raised eyebrows);
- With their eyes open and clearly visible (no sun glasses or tinted glasses and no hair across the eyes);
- Free from reflection or glare on glasses, and frames must not cover eyes (we recommend that, if possible, glasses are removed for the photo);
- Showing their full head without any head covering, unless they wear one for religious beliefs or medical reasons;
- With no other objects or people in the photo (this also applies to a photo of a baby or young child and babies should not have toys or a dummy in the photo);

- Without anything covering the face, nothing should cover the outline of eyes, nose or mouth; and
- Not showing any 'red-eye'.

Photo size must:

- Be the size of a standard passport photograph taken in a photo booth or studio (45 millimetres high x 35 millimetres wide); **and**
- Not be trimmed or cut down from a larger photograph to the size of a standard photograph.

Photo quality must:

- Be taken against a plain cream or plain light-grey background;
- Be printed to a high quality, such as photos printed by a booth or studio (photographs printed at home are unlikely to be of a high enough quality);
- Be clear and in sharp focus;
- Be in colour on plain white photographic paper;
- Not be torn, creased, or marked; and
- Not have any writing on the front or back- except when one of the photos needs to be certified.
