10 Pensionable Pay

- 10.1. “Pensionable Pay” means, in respect of a particular period, the amount of a Member’s basic pay, salary wages or fees paid to the Member from his or her Employing Authority, plus anything else, whether in a specific case or generally, that the Public Sector Pensions Authority determines in accordance with Rule 10.2.
- 10.2. The Public Sector Pensions Authority, at the request of an Employing Authority, may determine that an additional element of remuneration not specified in Rule 10.1 may be counted as Pensionable Pay.
- 10.3. As at the Implementation Date, or thereafter, there will be no change in the calculation of the individual elements of a Member’s Pensionable Pay unless 10.2 applies.

11 Assumed Pay

- 11.1. “Assumed Pay” means the Pensionable Pay that a Member would have received had the Member not —
- (a) been seconded to a different employer, whether the secondment is to an

Employing Authority or otherwise;

- (b) been in receipt of sick pay, whether statutory or contractual;
- (c) been on Paid Family Leave;
- (d) been on employer approved leave;
- (e) been called out or recalled for permanent service in the reserve forces or regular forces in pursuance of a call out order made under the Reserve Forces Act 1980 and 1982 (Isle of Man) Order 1986 or the Reserve Forces Act 1996 (Isle of Man) Order 2010 unless the Member's time spent in the service is counted as service for the purposes of an armed forces pension schemes.

12 Final Pensionable Pay for Members apart from CARE Members, Protected Hospital Doctor Members and Section 8(a) Members —

- 12.1. In respect of each period of Active Membership and subject to Rules 12.2 to 12.7 and 19, "Final Pensionable Pay" for all Members, other than CARE Members, Protected Hospital Doctor Members, and Section 8(a) Members means the highest annual average of a Member's Pensionable Pay payable in any 3 consecutive years ending in the 13 years immediately preceding the termination of the period of Active Membership.
- 12.2. In calculating Final Pensionable Pay, a Member's Pensionable Pay is to be annually revalued as follows —
 - (a) the Member's Pensionable Pay for the calendar year ending on the date the Member's Active Membership terminates is to be revalued on a pro-rata basis in accordance with the percentage annual increase in the Index as calculated at the previous Pension Increase Date; and

(b) the Member's Pensionable Pay for any other preceding year or part year is to be revalued in accordance with —

(i) the percentage annual increase in the Index as calculated at the Pension Increase Date following that year; and

(ii) the percentage annual increase in the Index as calculated at the Pension Increase Date during each subsequent year.

12.3. If the Public Sector Pensions Authority reasonably considers that a Member's Pensionable Pay cannot be determined for the whole of the 13 years immediately preceding the Member's retirement, termination of Pensionable Service or death, the Member's Final Pensionable Pay is the average set out in Rule 12.1 using the Member's Pensionable Pay over such lower number of years as the Public Sector Pensions Authority considers appropriate.

12.4. Where a Member was immediately before the Implementation Date an active member of a pension scheme in respect of his service with an Employing Authority (and, where the Public Sector Pensions Authority so determines, by reference to pensionable service in the public sector in the Isle of Man) and was on the Implementation Date transferred into the Scheme the Public Sector Pensions Authority may have regard to that Member's pensionable pay under the pension scheme from which he was transferred for the purposes of determining that Member's Final Pensionable Pay.

12.5. When calculating Final Pensionable Pay using pensionable pay figures from a Member's former pension scheme under Rule 12.4 the total amount of a Member's pensionable pay received in any complete tax year shall be deemed to be his Pensionable Pay for that tax year.

12.6. If a Member has been in Pensionable Service for less than 3 years, his or her Final Pensionable Pay is the annual average of the Member's Pensionable Pay

over the entire period of the Member's Pensionable Service, revalued in accordance with Rule 12.2, if appropriate.

- 12.7. If a Member has been in Pensionable Service for less than 1 year, his or her Final Pensionable Pay is the Pensionable Pay that the Member would have received in 1 year, calculated by multiplying the aggregate of his or her actual earnings during the Member's period of Pensionable Service by 365 and then dividing the figure arrived at by the number of days the Member had actually been in Pensionable Service.
- 12.8. If any period during the last 3 years of a Member's Service did not count as Pensionable Service by virtue of Rule 17, then, to determine 3 consecutive years ending in the 13 years immediately preceding the Member's retirement, the period of 13 years may be extended so that it incorporates the last 3 full years of the Member's Pensionable Service; and to calculate the annual average under Rule 12.1 any period of Unpaid Family Leave is to be excluded.
- 12.9. Subject to review by the Public Sector Pensions Authority on a case-by-case basis, in calculating a Member's Final Pensionable Pay, a Member's Pensionable Pay for any period of Pensionable Service during which the Member was in Part-Time Service is to be taken to be the Pensionable Pay for a comparable whole-time employment as verified by the Member's Employing Authority.

12A Final Pensionable Pay for Protected Hospital Doctor Members

- 12A.1 In respect of each period of Active Membership during which a Member was a Protected Hospital Doctor and subject to Rule 19, "Final Pensionable Pay" for a Protected Hospital Doctor Member means Pensionable Pay in respect of the Member's last year of Pensionable Service, ending on the date the Member ceases to be in that employment, or dies, whichever occurs first, except that —

- (a) if the Member's Pensionable Pay was greater in either or both of the 2 consecutive years immediately preceding the Member's last year of Pensionable Service, "Final Pensionable Pay" is to be taken to mean the Pensionable Pay in respect of which of those years in which it was its greatest; or
- (b) if the member was in Pensionable Service for less than 12 months, "Final Pensionable Pay" is to be taken to mean the Pensionable Pay received by the Member divided by the Member's number of days of Pensionable Service multiplied by 365

12B Final Pensionable Pay for Section 8(a) Members

12B.1 In respect of each period of Active Membership and subject to Rule 19, "Final Pensionable Pay" for Section 8 (a) Members means the aggregate of the annual sums payable to a person, together with any approved additional allowance under section 1(2) and 2 of the 1989 Act at the rate in force on the day before he or she ceases to be a Member of Tynwald.

12B.2 In rule 12B.1-

- (1) "annual sum" means the aggregate of the annual sums payable to a person under section 1(1) and 3 of the 1989 Act on the day before he ceases to be a Member of Tynwald; and
- (2) "approved additional allowance" means the allowance payable to a person at any time during his membership of Tynwald which bears the greater proportion to the amount payable under either section 1(1) of the 1989 Act or section 1(1) of the 1975 Act or section 1(1)(a) of the 1975 Act or section 1(1)(a) of the 1957 Act according to which enactment was in force at the time any allowance was in payment.

13 Final Pensionable Pay for CARE Members

13.1. Subject to Rule 19, and Rules 13.2 to 13.3, “Final Pensionable Pay” in respect of a CARE Member means, in respect of each period of Active Membership during which the Member was a CARE Member, an amount calculated using the formula Y/Z ,

where —

Y is the Member’s total Pensionable Pay for each year of Pensionable Service, with the Pensionable Pay having been re-valued in accordance with Rule 13.3; and

Z is the number of years and days of Pensionable Service in the relevant period of Active Membership.

13.2. In calculating the "Final Pensionable Pay" in respect of a CARE Member, the Member’s Pensionable Pay for any period of Pensionable Service during which the CARE Member was in Part-Time Service is to be calculated using the CARE Member's actual Pensionable Pay received for that period and his or her Pensionable Service is not to be calculated on a pro rata basis.

13.3. Pensionable Pay for each year of Pensionable Service for a CARE Member is to be revalued for each year of Pensionable Service, apart from —

(a) the year in which the Member left Service, and

(b) the previous complete year,

to the date on which the Member’s Active Membership ceased by the percentage rate of increase in the Index applicable to the Pension Increase Date plus 1.5%.

the Member may continue in his or her Active Membership until the date upon which the Member's period of Pensionable Service with the relevant Employing Authority ceases.

 - (i) his or her previous role; or

14.8. **This rule has been deleted..**

14.9. If there is any doubt or dispute as to whether or not a person is or is not eligible for Active Membership or Active Membership within a particular Section, the decision of the Public Sector Pensions Authority, after consulting the person's Employing Authority, is final and binding on all parties.

15 Concurrent Employments

15.1. Subject to Rule 15.2 or 15.3, if for any period a person holds 2 or more employments in respect of which the person is or, apart from this Rule, would be eligible to be an Active Member of this Scheme a person may be admitted separately to Active Membership in respect of each concurrent employment that the Member holds.

15.2. Each concurrent Active Membership under Rule 15.1 is to be treated separately for the purposes of calculating benefit entitlements.

15.3. The aggregate of a person's benefits under 2 or more concurrent Active Memberships is not to exceed the benefits to which the Member would have been entitled if the Member had just one employment that the Public Sector Pensions Authority determines is comparable whole-time employment. The Public Sector Pensions Authority may adjust the benefits payable accordingly.

15.4. If a Member holds or has held 2 or more Active Memberships concurrently the benefits in respect of any of his or her Active Memberships can only be taken by the Member if the Member has ceased all of his or her Active Memberships. Accordingly if a person holds 2 or more concurrent Active Memberships under this Rule 15 and —

- (a) leaves Service in relation to any Active Membership prior to age 55 the Member will be entitled to benefits under Rule 23; or

- (b) leaves Service in relation to any Active Membership between ages 55 and 75 the Member will be entitled to elect either —

 - (ii) if the Member no longer holds any Active Memberships, to receive his or her pension in respect of any or all of the Member's former Active Memberships under Rule 31 and, if it applies to the Member, Rule 19.

16 Termination of Active Membership

- (d) whose Active Membership is terminated under Rule 17, Rule 42.5 or Rule 62.12,

ceases to be an Active Member.

16.2. If an individual holds more than one concurrent Active Membership in relation to this Scheme, Rule 16.1 applies separately to each Active Membership the Member holds.

16.3. Cessation of Active Membership under Rule 16.1 has effect —

- (a) immediately if a Member ceases to be an Active Member under Rules 16.1(a), 16.1(c) or 16.1(d); or

- (b) from the date on which the written notice is received by the Public Sector Pensions Authority if a Member opts out of the Scheme under Rule 16.1(b).

16.4. If an Active Member opts out of this Scheme in accordance with Rule 16.1(b) within 3 months of the date specified in Rule 14.6 any Member Contributions that the Member has paid in accordance with Rule 26 are to be refunded to the Member and his or her entitlement to any benefits in respect of the period of Pensionable Service for which his or her Member Contributions have been refunded are extinguished.

17 Absence

17.1. Subject to Rules 17.2 to 17.13, if a Break or Longer Break in respect of a Member is due to ill-health or incapacity the Member may, if the Public Sector Pensions Authority, agrees, remain an Active Member until his or her Service terminates but the Public Sector Pensions Authority and the Member's Employing Authority may change the terms as to contributions and benefits applying to the Member.

17.2. An Active Member, who is absent from work for his or her Employing Authority in exercise of the Member's right to Paid Family Leave, continues in Active Membership while the Member remains entitled to Paid Family Leave (the "**Paid Family Leave Period**").

17.3. During a Paid Family Leave Period an Active Member continues to accrue benefits on the same basis and subject to the same terms and conditions that would otherwise have applied had the Member not been on Paid Family Leave and had continued to work normally.

17.4. During a Paid Family Leave Period an Active Member's Employing Authority must contribute under this Scheme at the rate that the Public Sector Pensions

Authority, after receiving the advice of the Scheme Actuary, determines.

- 17.5. During a Paid Family Leave Period, subject to an Active Member moving between Sections under Rule 18A, an Active Member must make Member Contributions, including any Contractual Additional Pension Contributions, at the rate and percentage applicable to the Member immediately prior to the absence, but based on the Active Member's remuneration paid by his or her Employing Authority during the Paid Family Leave Period.
- 17.6. Subject to Rule 17.7, any period while an Active Member is absent from work for his or her Employing Authority in exercise of the Member's right to Unpaid Family Leave (the "**Unpaid Family Leave Period**") is not Pensionable Service.
- 17.7. An Unpaid Family Leave Period of 12 months or less may be counted as Pensionable Service and, subject to an Active Member moving between Sections under Rule 18A, benefits are to continue to accrue on the same basis, and subject to the same terms and conditions, that would otherwise have applied had the relevant Member not been on Unpaid Family Leave and had continued working normally if —
- (a) within 3 months of the Member's return to work on full pay following an Unpaid Family Leave Period the Member gives the Public Sector Pensions Authority written notice that he or she wishes to pay all Member Contributions, including any Contractual Additional Pensions Contributions, that would have been payable during the Unpaid Family Leave Period had the Member been working normally and receiving pay at the level applicable to the Member immediately before his or her Unpaid Family Leave began and, in the case of Contractual Additional Pension Contributions, the pay applicable to the Member immediately before his or Paid Family Leave Period began; and

- (b) the Member pays the appropriate amount of Member Contributions, including any Contractual Additional Pension Contributions, under Rule 17.7(a) within 12 months of the Public Sector Pensions Authority receiving written notice under Rule 17.7(a).

17.8. If the Active Member is not credited with Pensionable Service in respect of the whole period of absence, then his or her future Pensionable Service on returning to work at the end of the Member's Unpaid Family Leave Period is to be treated as continuous with the period of Pensionable Service that ended immediately before the absence began.

17.9. An Employing Authority must notify the Public Sector Pensions Authority in writing where it grants a Member Special Unpaid Leave, specifying, if known, the length of time the Special Unpaid Leave has been granted for.

17.10. A Member who is on Special Unpaid Leave —

- (a) will not be credited with Pensionable Service in respect of the period of Special Unpaid Leave;
- (b) will not be required to pay Member Contributions under Rule 26 during the period of Special Unpaid Leave; and
- (c) will not, during the period of Special Unpaid Leave be entitled to any death benefits under Rule 50 and will instead be entitled to death benefits as a Deferred Member under Rule 52.

17.11. If a Member who has been granted Special Unpaid Leave by an Employing Authority —

- (a) does not actively return to work as an Eligible Employee with the Employing Authority within 12 months of the Special Unpaid Leave commencing; or

(b) leaves Service during the period of Special Unpaid Leave

their Active Membership shall, unless the Public Sector Pensions Authority decides otherwise at its complete discretion, be treated as having terminated on the date that their Special Unpaid Leave commenced and all of their Scheme benefits shall be calculated accordingly.

17.12. An Employing Authority must notify the Public Sector Pensions Authority in writing within 28 days of a Member's Special Unpaid Leave ending of —

- (a) the date that the Member's Special Unpaid Leave ended;
- (b) the duration of the Member's Special Unpaid Leave;
- (c) the circumstances in which the Special Unpaid Leave has ended; and
- (d) the employment terms and conditions applying to the Member, if different from those that applied before the Special Unpaid Leave commenced.

17.13 Any period during which an Active Member is absent from work for his or her Employing Authority due to the Member's participation in a strike or other industrial action is not Pensionable Service of the Member.

18 Resumption of Active Membership

18.1. Subject to Rules 18.2 to 18.8, an Employee who has ceased to be an Active Member under Rule 16 or Rule 17 may be re-admitted to Active Membership if he or she satisfies all the eligibility requirements in Rule 14.1.

18.2. If a person opts out of Active Membership under Rule 16.1(b) the Member may only be re-admitted to Active Membership once unless the Public Sector Pensions Authority decides otherwise at its complete discretion.

- 18.3. Subject to Rule 14.1(c), a person must be re-admitted to Active Membership under Rule 18.1 on submitting a written application to the Public Sector Pensions Authority requesting re-admission.
- 18.4. Re-admission to Active Membership if a Member has previously opted out of this Scheme is subject to such conditions or special arrangements as the Public Sector Pensions Authority may impose.
- 18.5. If a Member ceases to be a Contractual Additional Pension Contributions Member, he or she may not be re-admitted to Contractual Additional Pension Contributions Membership.
- 18.6. If a Member ceases to be an Active Member and is re-admitted to Active Membership under Rule 18.1 his or her new period of Active Membership commences —
- (a) if the person's previous Active Membership ceased because he or she opted-out under Rule 16.1(b), on the first day of the pay period beginning after the person's application to re-join this Scheme under Rule 18.2 is received by the Public Sector Pensions Authority or on such later date as the person may specify; or
 - (b) if the Member's previous Active Membership ceased under Rule 16.1(a) or 16.1(c), on the date on which the Member became eligible for Active Membership again.
- 18.7. If a person ceases to be an Active Member and is re-admitted to Active Membership under Rule 18.1 then, except as stipulated by Rule 18A or Rule 19:
- (a) the benefits for each period of Pensionable Service ending before the Active Member's retirement under Rule 31 are to be treated and calculated separately under Rules 21 to 23; and

- (b) the benefits for the period of Pensionable Service, if any, ending on the Active Member's retirement under Rule 31 are to be treated and calculated separately under Rule 31.

18.8 In the case of a person who ceases to be an Active Section 8 Member or a Section 8 (a) Member who is also a Section 8 Deferred Member or a Section 8(a) Deferred Member —

- (a) the benefits for each period of Pensionable Service ending before the Active Member's retirement under Rule 31 are to be treated and calculated under Rules 21 to 23; and
- (b) the benefits for the period of Pensionable Service, if any, ending on the Active Member's retirement under Rule 31 are to be determined and calculated under Rule 31

18A Moving Between Sections —

18A.1 Nothing in this Rule 18A prejudices:

- (a) the requirement for a Member to satisfy the eligibility requirements set out in Rule 14.1 to become an Active Member; or
- (b) the ability of an Employee to have Active Membership of more than one Section in respect of each concurrent employment they hold, in accordance with Rule 15.

18A.2 A Section 2-6, 8, 8(a) or 9 Member may elect, by giving the Public Sector Pensions Authority at least 2 months' notice in writing, to cease being a Section 2-6 Member and instead be a Section 1 (Standard) Member.

18A.3 Where a Member makes an election under Rule 18A.2 they shall cease to be a Section 2-6, 8, 8(a), or 9 Member, and be moved onto the terms applying to a Section 1 (Standard Member) on the next practicable pay date following receipt

of the notice by the Public Sector Pensions Authority, unless the Member has specified a date in their notification which is later, in which case it will be the next available pay date following the date specified by the Member.

18A.4 Where Rule 18A.3 applies to a Member, he or she shall:

- (a) cease to be a Section 2-6, 8, 8(a) or 9 Member, and will have no benefits payable under any of Sections 2-6, 8, 8(a) or 9;
- (b) be treated, for the purpose of taking his or her benefits under these Rules, as having one single period of Pensionable Service; and
- (c) subject to Rule 18A.5, be treated for all purposes under the Rules as a Section 1 (Standard) Member.

18A.5 Where Rule 18A.3 applies, for the purpose of paying benefits under the Scheme, the Public Sector Pensions Authority shall, after receiving the advice of the Scheme Actuary, make any adjustments to the Member's Pensionable Service, accrual rate, benefits payable, or the factors used to calculate such benefits to reflect the Pensionable Service attributable to the Member's Section 2-6 Membership and any differences in the accrual rate applicable to that period of Membership.

18A.6 Subject to Rules 18A.1 to 18A.5, a Section 2-6 Member who:

- (a) ceases to be an Active Member within one or more of those Sections; and
 - (b) subsequently wishes to re-join this Scheme or a Section of this Scheme
- must re-join the Scheme as a Section 1 (Standard Member) unless:
- (i) the Member has had a Break, or
 - (ii) the Member has had a Permitted Longer Break; or

- (iii) the Public Sector Pensions Authority, at its absolute discretion, gives written consent to a Member permitting them to re-join one or more of Sections 2 to 6, even if the Member would not otherwise be eligible to do so under the Rules of the Scheme

in which case the Member must re-join the same Section they were in previously.

18A.7 A Member who re-joins the same Section that they were in immediately prior to a Break or a Permitted Longer Break shall have their Pensionable Service before and after the Break or Permitted Longer Break automatically aggregated and treated as a continuous period of Pensionable Service (unless the Member started to receive any benefits under this Scheme during the Break or Permitted Longer Break) but the period of the Break or Permitted Longer Break is not to be treated as Pensionable Service.

19 Linking Periods of Pensionable Service

19.1

- (1) Subject to sub-paragraph (2), if an Employee is re-admitted to Active Membership under Rule 18 within 5 years of the cessation of his or her Active Membership under Rule 16.1, the Employee may give the Public Sector Pensions Authority written notice, within 12 months of the date of readmission to Active Membership, that the Employee's previous period of Pensionable Service is to be linked with his or her current period of Pensionable Service.
- (2) Rule 19 (1) does not apply in the case of a Section 8 Member or a Section 8(a) Member whose eligibility to join this Scheme falls under Rule 14.7 and who is thereby also a deferred Section 8 Member or deferred Section 8(a) Member.

- (3) In the case of such a person, two periods of Pensionable Service before the Date of Change are not permitted to be aggregated and treated as a continuous period of Pensionable Service.
- 19.2 Where an Employee makes an election under Rule 19.1(1), they shall have their Pensionable Service from their previous and current periods of Active Membership aggregated and treated as a continuous period of Pensionable Service (unless the Member has already started to receive any benefits under the Scheme) but the period of Service in between any periods of Active Membership is not to be treated as Pensionable Service.
- 19.3 Subject to Rule 18A, if an Employee gives the Public Sector Pensions Authority notice under Rule 19.1(1), his or her total Pensionable Service includes the total Pensionable Service attributable to the previous period of Active Membership.
- 19.4 If an Employee does not notify the Public Sector Pensions Authority that he or she wishes to link the Employee's previous period of Pensionable Service with his or her current period of Pensionable Service in accordance with Rule 19.2 —
- (a) the benefits for each period of Pensionable Service ending before the Active Member elects to receive his or her pension under Rule 31.1 are to be treated and calculated separately under Rules 21 to 23; and
 - (b) the benefits for the last period of Pensionable Service, if any, ending on the day the Active Member starts to receive his or her first payment of pension under Rule 31.1 are to be treated and calculated separately under Rule 31.
- 19.5 If a Member dies within 12 months of readmission to Active Membership and has not made an election under Rule 19.1(1) the Public Sector Pensions Authority must, on behalf of the Member, determine whether or not to link the Member's periods of Pensionable Service and must make the determination so

as to provide the highest aggregate level of benefits in respect of the Member.

- 19.6 If a Member links his or her Pensionable Service under this Rule 19, the Member is to be treated, for the purposes of taking his or her benefits under these Rules, as having one single period of Active Membership in respect of those linked periods of Pensionable Service. If necessary, any calculations used to determine such a Member's Scheme benefits including any benefits attributable to Contractual Additional Pension Contributions Membership, are to be adjusted to the extent necessary to reflect any differences in the accrual rate applicable to each period of Active Membership, such adjustment to be made by the Public Sector Pensions Authority, after receiving the advice of the Scheme Actuary.

20 Option to have periods of Service treated separately where pay is reduced

- 20.1. This Rule applies if —

- (a) the Pensionable Pay of an Active Member who has at least 2 years' Qualifying Service is reduced by at least 25%; and
- (b) the reduction occurs in one of the circumstances specified in Rule 20.2.

- 20.2. The circumstances are that —

- (a) the Member is transferred from one Eligible Employment to another; or
- (b) the Member's duties change while the Member continues in the same Eligible Employment, other than —
 - (i) at the Member's request; or
 - (ii) as a result of misconduct by the Member.

- 20.3. If this Rule 20 applies, the Member may, by giving written notice to the Public Sector Pensions Authority before the end of the period of 3 months beginning

with the first day of the Later Service, elect to be treated for the purposes of this Scheme —

- (a) as if he or she had opted out of Pensionable Service and become a Deferred Member of this Scheme on the termination of the Earlier Service; and
- (b) if the Member remains an Active Member of this Scheme in the Later Service, as if the Member had re-joined this Scheme as an Active Member on the day on which the Later Service began.

20.4. Rule 20.3 does not prevent the Member's Earlier Service and Later Service counting as a single continuous period of Qualifying Service.

Withdrawal from Pensionable Service and Preservation of Benefits

21 Entitlement to Short Service Benefit

21.1. If an Active Member ceases to be an Active Member under Rules 16.1 or 17, his or her Pensionable Service ceases.

21.2. Subject to Rule 18 and Rule 18A, after a person's Active Membership ceases the person's obligation to pay contributions ceases and the person accrues no further benefits.
