Part I

Decisions made by the Board

Primary Care at Scale - Strategic Business Case

The Transformation Board reviewed a paper that outlined the Strategic Business Case (SBC) for Primary Care transformation, and which also requested approval to proceed with detailed planning.

Following consideration, the Health and Care Transformation Officer Board requested further detail be drawn out in the SBC, particularly around the financials, in collaboration with Treasury, as well as further consideration of the name given to the Primary Care Homes. Pending further Officer Board consideration, the SBC could then be progressed for consideration and approval by the Political Board.
