## Executive summary

### Membership Information

The figures shown on pages 5 to 8 reflect current membership data held by the PSPA.

### Work Statistics

The number of tasks outstanding at the end of the quarter is 1160. This exceeds the operational goal of having no more than 300 tasks outstanding. The total output over the quarter was 2769 cases completed, with 1949 cleared within the service Level Agreements (SLA) shown below, resulting in performance 70%.

### Service Level Agreements (SLA)

The service level agreements are:

- 5 working days for miscellaneous enquiries
- 7 working days for Estimates
- 8 working days for New Starters
- 9 working days for Transfers, Deaths, Deferred Preservations, Refunds and Awards

### Operation Team - Work for the next period (Q2 2022-21)

#### Employer Data

The timeliness and accuracy of starter and leaver data being submitted by OHR has improved but there is still a large backlog of missing information and delays in receiving leaver salary and service information. Work continues on improving the quality of the data and to provide it in an automated format. OHR has reported that development work on an automated data report ("MFI") from PiP is still ongoing within OHR with no date advised yet for delivery of a test model to the PSPA.

#### Annual Benefit Statements to March 2022

Production of the annual statements for the deferred members has been completed. Work on preparing the active member statements is ongoing and they will be issued to members throughout October and November.

#### Declaration of Entitlements

The annual exercise to seek proof of continued eligibility for payment of pension from outside IOM pensioners will take place in October 2022 and run for three months.

### Pension Scheme Membership information

This section sets out the membership profile of each scheme as at the 30 June 2022. The PSPA reports the number of memberships in a scheme not the number of individual members. This is because schemes operate a "one employment equals one membership" rule. As such, members who are employed in multiple employments will have multiple memberships.

Judicial 2004	65	1
Police 1991	55	7
Teachers	60 or 65	99
Unified Scheme	65	251

#### NOTE

- For the purposes of this report we have assumed a NRA for all Unified Scheme members is age 65.
- Although this table is based upon the Normal Retirement Age (NRA) for each Scheme, there are variations which mean that some members can retire at differing ages and a number of members retire after NRA. For the purpose of this table, only the Normal Scheme Retirement Age has been analysed.

## Financials

The Table on pages 9, 10 and 11 reports the income and expenditure from the schemes managed by the PSPA for the year ended 30 June 2022. It also includes data for the previous five full years for comparison purposes. It is important to note that these figures are compiled on a cash flow basis and are unaudited. Furthermore, the figures are subject to rounding and may not correctly total.
