Adult Protection & Safeguarding Domestic Violence

Suicide becomes the biggest cause of deaths related to domestic violence for first time

'They see us as an easy target': discrimination and hate crime against Eastern European women living in the UK

Meet the woman furnishing homes for domestic abuse survivors given empty flats with no beds
Addiction

Co-located Heroin Assisted Treatment within primary care: A preliminary analysis of the implications for healthcare access, cost, and treatment delivery in the UK

The association between alcohol consumption and all-cause mortality: An umbrella review of systematic reviews using lifetime abstainers or low-volume drinkers as a reference group

Allergies

Legends of allergy and immunology: Kenji Izuhara

Disparities in pediatric anaphylaxis triggers and management across Asia

Cardiovascular Disease

Sex-related similarities and differences in responses to heart failure therapies

Modelling pre-eclampsia and its cardiovascular effects

“False-Positive” Stress Tests in Patients with Coronary Microvascular Dysfunction
The effect of lavender on mood disorders associated with the use of combined oral contraceptives (COCs): a triple-blinded randomized controlled trial

Efficacy of acupuncture as an adjunctive treatment to patients with stable COPD: a multicenter, randomized, sham-controlled trial protocol

Mind and body connection in expert meditators: a computational study based on central and peripheral nervous system

Critical Care

Applying Sydney Triage to Admission Risk Tool (START) to improve patient flow in emergency departments: a multicentre randomised, implementation study

Derivation of the Difficult Airway Physiological Score (DAPS) in adults undergoing endotracheal intubation in the emergency department

Dental

Fascia iliaca compartment block for postoperative pain after total hip arthroplasty: a systematic review and meta-analysis of randomized controlled trials

Artificial intelligence in tongue diagnosis: classification of tongue lesions and normal tongue images using deep convolutional neural network

The unified state qualification exam STEP-1 as a marker of the success of the education of pediatric doctors in Ukraine and Bogomolets National Medical University
**Dementia**

Data stewardship in FTLD research: Investigator and research participant views

Link among apolipoprotein E E4, gait, and cognition in neurodegenerative diseases: ONDRI study

**Diabetes**

Lower urinary albumin-to-creatinine ratio predicted all-cause and cardiovascular mortality in Chinese population with diabetes and prediabetes—The Shanghai Changfeng cohort study

Global, regional, and national burden of tracheal, bronchus, and lung cancers attributable to high fasting plasma glucose: A systematic analysis of global burden of disease 2019

Diagnostic biomarker for type 2 diabetic peripheral neuropathy via comprehensive bioinformatics analysis

Elevated plasma myoglobin level is closely associated with type 2 diabetic kidney disease

**Diet, Nutrition and Obesity**

Role of IL-18 in adipose tissue remodeling and metabolic dysfunction

Completeness of intervention reporting of nutrition-focused weight management interventions adjunct to metabolic and bariatric surgery: effect of the TIDieR checklist

Maternal obesity may promote liver cancer
Digital Health Technology

North of Scotland goes live with electronic medicines management solution

Alcidion launches Miya Results Tracking to improve patient safety

Digital advancements in community nursing empower patients

The Framing Effect of Digital Textual Messages on Uptake Rates of Medical Checkups: Field Study

End of Life Care

Development of the Parental Experience with Care for Children with Serious Illnesses (PRECIOUS) quality of care measure

A Dutch paediatric palliative care guideline: a systematic review and evidence-based recommendations for symptom treatment

Perceived communication efficacy and unmet needs for chemotherapy-associated symptom management in patients with lung and colorectal cancer: a cross-sectional study

Nurse assistants’ perception of caring for older persons who are dying in their own home

When dying does not go well: a qualitative study
**Immunisation and Infection**

Information bias for case definitions and mortality between and within studies over time undermines our understanding of COVID-19 transmission and disease severity

Molecular detection of SARS-CoV-2 and other respiratory viruses in saliva and classroom air: a two winters tale

Unexpected increase of severe Mycoplasma pneumoniae pneumonia in adults in Southern Switzerland

Effects of Face Mask Mandates on COVID-19 Transmission in 51 Countries: Retrospective Event Study

**Learning Disability**

'Study drugs' set the stage for other drug use and mental health decline

Preventing people with a learning disability from dying too young

**Mental Health**

Mental health problems and admissions to hospital for accidents and injuries in the UK military

LGBTQ+ wellbeing inequalities in early to middle adolescence

Risk factors for depression relapse while on long-term maintenance antidepressant treatment

Opening ward doors doesn’t make staff any more coercive
A systematic review and meta-analysis of clinical efficacy of early and late rehabilitation interventions for ischemic stroke

Understanding the pathophysiology of idiopathic intracranial hypertension (IIH): a review of recent developments

Premorbid brain structure influences risk of amyotrophic lateral sclerosis

Do lower limb motor-evoked potentials predict walking outcomes post-stroke?

Obstetrics

Relationship between menopausal hormone therapy and breast cancer: A nationwide population-based cohort study

A rare case of spontaneous rupture of the uterine artery

An umbrella review of systematic reviews on interventions of physical activity before pregnancy, during pregnancy, and postpartum to control and/or reduce weight gain
**Oncology**

New pathogen on the block

Targeted Drug Delivery of Quercetin to Breast Cancer Cells Using a Modified SBA-15 Mesoporous Nanostructure

Impact of Nanoheater Subcellular Localization on the Antitumor Immune Efficacy of Magnetic Hyperthermia

**Ophthalmology**

Sling for the sling: a new technique for long-term correction of severe congenital ptosis

Short-term effect of intravitreal dexamethasone implant in refractory diabetic macular edema

**Paediatrics**

Adolescents reasons for accessing their health records online, perceived usefulness and experienced provider encouragement: a national survey in Sweden

Update on imaging recommendations in paediatric uroradiology: the European Society of Paediatric Radiology workgroup session on voiding cystourethrography

Pediatricians perception of stool color cards as a screening tool for biliary atresia: a cross-sectional survey in Sudan
Pain Medicine

Acceptance of chronic pain in veterans with PTSD based on post-traumatic growth and pain catastrophizing: the mediating role of mindfulness

Utilizing a learning health system to capture real-world patient data: Application of the reliable change index to evaluate and improve the outcome of a pain rehabilitation program

Visual reconstructions of endometriosis pain: An interdisciplinary visual methodology for illness representation

Patient Experience

Relevance of Adalimumab Product Attributes to Patient Experience in the Biosimilar Era: A Narrative Review

Enhancing Emergency Department Patient Experience and Flow Through Real-Time Text-Messaging Updates

Improving the transgender patient experience in the breast imaging center

Pharmacology

Wegovy Approved in the US for Cardiovascular Risk Reduction

NIHR commentaries: The coil and medicines are both effective long-term treatments for heavy periods

Efficacy and Safety of Radiotherapy Plus Relugolix in Men With Localized or Advanced Prostate Cancer

mRNA-based therapeutics: looking beyond COVID-19 vaccines
Primary Care

Rubber-stamped NICE B12 guidance will be ‘challenging’ to implement, say GPs

Enough is enough

GMC calls for ‘significant increase’ in medical trainers and supervisors

NHS England: PAs cannot be used to replace doctors locally

Seniors and Aging

New study reveals molecular fingerprint of biological aging

Immunotherapy or Chemoimmunotherapy in Older Adults With Advanced Non–Small Cell Lung Cancer

Does NSAID Response Help to Diagnose Axial Spondyloarthritis?

“False-Positive” Stress Tests in Patients with Coronary Microvascular Dysfunction
Sexual Health

Exploring provider preference and provision of abortion methods and stigma: Secondary analysis of a United Kingdom provider survey

Application of the unified theory of behavior to strengthen sexual health discussions between providers and young patients in the United States

Sleep Medicine

Cardiac autonomic nervous activity during different sleep stages in individuals with spinal cord injury: The influence of physical training

Comparative analysis of two custom-made mandibular advancement devices with varied designs for treating moderate to severe obstructive sleep apnea

Sports Medicine/Fitness

‘You can change your life through sports’—physical activity interventions to improve the health and well-being of adults experiencing homelessness: a mixed-methods systematic review

Association between change in cardiorespiratory fitness and prostate cancer incidence and mortality in 57,652 Swedish men

Accelerometer-derived physical activity and the risk of death, heart failure, and stroke in patients with atrial fibrillation: a prospective study from UK Biobank

Paving the way for greater open science in sports and exercise medicine: navigating the barriers to adopting open and accessible data practices
Surgery

Weight loss surgery: Patients need clearer warnings of risks from overseas care

Standardized Assessment of Metabolic Bariatric Surgery Outcomes

Antibiotics or Appendectomy for Vulnerable Populations

Vaping/Smoking

E-cigarettes: A framework for comparative history and policy

Smoking cessation

World Health Organisation

New manual released to support diagnosis of mental, behavioural and neurodevelopmental disorders added in ICD-11

Wound Management

Microenvironment-responsive smart hydrogels with antibacterial activity and immune regulation for accelerating chronic wound healing

Differential effects of electronic patient record systems for wound care on hospital-acquired pressure injuries: Findings from a secondary analysis of German hospital data

Wound healing outcomes following treatment with synthetic hybrid-scale fiber matrix after resection of soft tissue tumors or infections

Topical phenytoin improves wound healing with analgesic and antibacterial properties and minimal side effects: a systematic review
SOCIAL AND COMMUNITY CARE

Fitness to practise delays set to rise further due to Social Work England budget pressures

From care management to ‘social work as we know it’: Lyn Romeo on her decade as chief social worker

What’s the Price of a Childhood Turned Into Content?

‘Even though you’re not here anymore, you still influence my passion for social work’

Podcast: supporting adults with learning disabilities and autism post-pandemic

40% of family support staff have personal experience of domestic abuse, finds survey

Social workers expecting ‘significant cuts’ to social care funding over coming year

DoLS: older people routinely having rights breached because of failure to tackle ‘huge’ backlog, warns charity

AMHPs to stage walkout as social work strike action hits sixth council within a year

Social work in Wales: how student numbers have grown following bursary boost

Empowerment: A Social Worker in Environment Perspective

LIBRARY “BITS AND PIECES”

Have you checked out our latest newsletter?

The ninth Keyll Darree Library newsletter is out! Featuring: a quick glance guide of library services and how to access them, a report on our user needs analysis survey (what you said, what we did), and a breakdown of what Athens access is and isn’t. Of course we also have our staff book recs and recipe (this time Stacey shares her simple sponge.)

Published recently? Completed a research project?

Tell us about it! Fill out our publication or research repository form by clicking here and we’ll display your work on our website.

The above current awareness bulletin has been produced by Keyll Darree Library and Information Service. We aim to produce the bulletin every week. If you need any help locating or accessing any of the items included in this issue, please contact the library staff on 642993/642974.

As usual, we welcome any feedback, so please let us know if you have any comments about format, content, length, arrangement or indeed, any other observations. If you know of anyone else who might like to receive the bulletin, or you would like your name removed from the distribution list, again, please let us know.

Check out our library website at [www.librarykeylldarree.gov.im](http://www.librarykeylldarree.gov.im) for details of all our services, facilities and any forthcoming events.
