## NOTES:

1
Prices quoted are obtained directly from the company's website on the date of publication. Prices may, however, vary substantially depending upon whether booking is made online, over the telephone or at the terminal.
2 The prices quoted are for return fares per person travelling in a group of two, leaving the Island on a Monday and returning on a Friday. During winter there are no flights on a Monday with EasyJet to Belfast therefore Sunday to Friday is used.
3 The prices quoted are the lowest fares which can be booked for the specific date. They include all unavoidable charges but assume use of the least expensive payment method and no optional extras.
4
Prices are obtained 7 days, 6 weeks, 3 months and 6 months in advance.
5 Whilst the data shows that some savings can be made through advance purchasing, ticket prices can vary considerably according to seasonality and how many passengers have already purchased tickets on that flight or sailing.
6
At present, all routes have a single operator bar IOM to Liverpool and Manchester, which are served by both EasyJet and Loganair.
7 Prices are only collected for direct routes. It is possible to travel on a through ticket to other destinations, however the OFT does not collect prices for these routes.
8 shown as the cheapest ticket price travelling to either Liverpool or Heysham. The OFT does not include prices for each destination separately, as generally the ticket prices will be similar for both destinations.

9
The prices shown for travelling with the Steam Packet with a car or motorcycle are shown as the total fare of a car with one driver and one passenger and a motorcycle with only the rider.
10 This publication may not be used for advertising purposes without prior agreement by the OFT.
