Vessels in membership of a producer organisation should seek catch limit information from their producer organisation.

Footnotes

- ¹ EC Zone
- 2 International waters
- excluding EC Zone
- ⁵ Licence holders wishing to apply for a Bass Notice of Variation must do so to the Fishery Office which issued this licence 10 days before the calendar month for which the Bass Notice of Variation is to come into effect.

A Bass Notice of Variation will remove, for the remainder of any calendar year in which this option is exercised during the licence period, the authority contained in this licence to land 5 tonnes of bass per week.

For the avoidance of doubt, it is specifically provided that the authority to land bass in accordance with a Bass Notice of Variation shall be subject to the terms, conditions and limitations of this licence.

Live weight can be calculated by multiplying landed weight by the conversion factors set out below.
